VOLUME LXX NUMBER 40

School Election Next For Antioch Voters; A.T.H.S. Has Contest

Voting From Noon to 7 p.m. In Antioch, Lake Villa Public Schools

An election no less important locally than that of Tuesday will be the school elections Saturday afternoon of this week.

While there is no contest for the grade school posts, opposition is provided for the three positions on the Antioch Township High School board of education.

Walter Hills, veteran member of the board and Roman Vos are seeking re-election. Other candidates are Elmer Rentner, Mrs. Richard Seyfarth, Dr. Richard Carlucci, all of Antioch, John F. Romer of Lake Villa; and Carl M. Larson of Lindenhurst, Venetian Village.

Qualifications of these candidates have been published in the Antioch News.

Voting will be from noon to 7 p.m. at the high school and at the grade school in Lake Villa.

Candidates for the grade school board are unopposed but many will make effort to go to the polls Saturday afternoon to vote as a matter of confidence in the three who are running. They are Wendell Nelson, Norman Jede, and Mrs. Helen Patrovsky, who are volunteering their time and effort without financial compensation in serving on the board.

Elsewhere in the township, posts on three-member boards must be filled.

Grass Lake Dist. 36 also will vote on a proposal to issue \$95,000 in bonds to build an addition to the present building, supplying three classrooms and an all-purpose room. Lester Hribar, member incumbent, whose term expires, has agreed to run again.

At Hickory School Dist. 27 the term of Wilbur Hunter has expired.

Two members are to be chosen at Emmons school where a building program is planned. The term of Clerk Eugene Geiger expires as will that of Robert Duda who was appointed to take the place of William Hansen.

Channel Lake Dist. 35 may again have opportunity to elect Edwin T. Hucker, whose term has expired.

The caucuses probably will be held at 11:30 a. m. and voting start at noon, ending at 7 p. m.

Extend Age Limit for Polio Vaccine Shots

On and after Monday, April 16, Illinois children who have passed their first birthday will be eligible to receive poliomyelitis vaccine, according to an announcement by Governor William G. Stratton.

The vaccine will be distributed by the state Department of Public Health to Illinois physicians for inoculation of children who have passed their first birthday but not their 15th, and pregnant women. The maximum age limit and allocation for pregnant women are not changed.

The vaccine is received in Illinois by the state health department and rationed to counties in proportion to the eligible population. Any physician may obtain the vaccine free, within the limits of the amount rationed to his county.

Antioch physicians have been notified of the extension of the age limit.

Forget-Me-Not Sales Set for April 20-21

Chapter 16 Disabled American Veterans will hold its annual Forget-Me-Not Sale in Antioch Friday and Saturday, April 20 and 21. All proceeds of the drive will be used for entertainment of hospitalized veterans at Downey and Great Lakes. Volunteer workers are needed to sell the flowers. Any help, if only for an hour, will be appreciated. Interested persons may call Arthur Peterson, senior commander, at telephone Jackson 6-251, collect.

Twenty-six More Give To Lake Villa Fund

Twenty-six more contributions were made during the past week to the Lake Villa Rescue Squad fund. They include those of: Earl Hucker, Cedar Lake Service Station; Ray Kasel, Edw. Slavik, J. Kostelnik, Ernest Nielsen, R. Morrison, J. J. Stoltz, R. Grass, S. Kralowski, P. R. Thunt, Robert H. Randall, Mrs. E. Hansen, Robert Falmert, Bogler, Thor Newmann, Mr. Kellen, Fred Troesch, Lake Villa American Legion Post No. 1219, Herbert J. Klaut, O. L. Duffy, M. Lautsch, Frank Brancato, Frank Jacobs, and Arthur Haley.

School Elections are Important

Election of members of boards of education for most schools of the area will take place Saturday, April 14. Importance of securing members of the highest calibre will be brought home to every taxpayer and resident if he will but remember that about 70c of each \$1.00 paid in taxes is used by schools.

In addition to the mechanics of running a large business, and our schools are big business, the boards of education are charged with the responsibility of directing educational policies, and it is these policies, developed by board members, which make the pattern for our schools.

With these facts in mind, it is the duty of every citizen to carefully scrutinize the record of present boards, and to examine the qualifications of each person seeking a seat on a board of education. Even in districts where there is no contest, your ballot should be cast as a vote of confidence to those running for the office.

One of the most important of these elections will take place at Antioch high school where seven candidates are running for three memberships.

We believe that the present board has done an outstanding job during the past several years, and that members seeking re-election deserve your continued support.

Four years ago, when the present board took over, the school treasury showed a deficit of \$115,000. Through economy and careful planning, this debt has been retired and paid off without the necessity of a special bond issue or an increase in tax rate. The school is now operating on a pay-as-you-go basis. We regard this as a major accomplishment.

The high school tax rate has been 82c per \$100 for the past four years, although it was within the power of the board to raise this to 96c. At a time when most school boards are seeking a raise in rate through referendum or other means this board has "held the line." At the same time, a program of land acquisition has been instituted and the grounds have been enlarged for future expansion, which will be necessary because of the rapid growth of the community.

Opponents of the present board have said that the educational program has been neglected and that all energy of the board has been spent on money matters, but the facts do not bear this out. During the past four years there has been much advancement in educational facilities. The curriculum has been extended to cover a variety of new subjects. Among these are courses in Consumer Economics, Social Studies, American Government, Speech, Music Theory and Driver Education. Next year the Driver Education program will include behind-the-wheel training as well as classroom work.

New courses do not tell the whole story of educational improvement. There has been much improvement of existing courses; a new business system of records has been installed in the school office; a new lunch program which keeps students at the school during lunch time rather than on the streets has been instituted; and the adult evening program has been expanded. For the first time a Teachers' Manual and a Student Handbook have been put into use at the school.

Perhaps the most important accomplishment of the board has been the firm stand taken in a difficult situation which has arisen in connection with the organization of a local union of teachers at the school. About half of the teachers have joined the union, the other half being opposed. Friction between the two factions has resulted in a difficult situation.

"The easy way" for the board would have been to accede to demands for recognition of the union committee, and consequent surrender of rights given them under the law and by the voters who elected them. We do not believe that ANY school board has the right to give up authority which is given them by the voters.

For these reasons we recommend that you go to the polls Saturday, April 14, and cast your ballot for Walter K. Hills, Roman B. Vos and Elmer Rentner. Hills and Vos are candidates for re-election, and Rentner served on the board from 1952 until 1954.

These men have been largely responsible for the efficient operation of your high school during the past four years. We believe that they merit your vote and continued support.

Elizabeth Davis, 85 Of Indian Point Dies, Funeral Service Wed.

Mrs. Elizabeth Davis, 85, of Indian Point died Monday at 9 a. m. at the Lake county General hospital, where she had been confined for the past six days. Mrs. Davis was born November 10, 1870 in Chicago, and came to Antioch permanently in 1933. Previous to that she had spent many summers in the lake region.

She was a member of Antioch Chapter Order of Eastern Star and of Cedar Lake Camp Royal Neighbors of America at Lake Villa.

Survivors are three sons, Charles W. and Elmer A. of Antioch and Harry R. of Grayslake, two sisters, Mrs. Lottie Thornton and Sarah McCarthy of Chicago, a brother, Joseph Brookbanks of Chicago, six grandchildren and 5 great grandchildren. She was preceded in death by her husband, William F. March 19, 1930.

Funeral services were held at 1:30 p. m. Wednesday at the Strang Funeral home, with the Rev. Howard Benson and Antioch chapter O. E. S. officiating. Interment was in Grass Lake cemetery.

Channel Lake Club Hears Board Candidates

Seventy-five persons attended the Channel Lake Community club meeting at the school house Monday evening.

Committees appointed by President Irwin Harland are headed by the following persons: Lucille Eberman, hot lunch; Agnes Van Patten, hospitality; Marene Dahlman, activities; and Kathleen Sershon, child welfare.

Dr. Richard Carlucci, Mrs. Richard Seyfarth, and Carl Larson, candidates for membership on the Antioch Township High School board of education, were guest speakers. The executive board of the club will meet next Wednesday to make plans for the coming year.

Freedoms Award To Be Presented to V. F. W. Commander in Chicago

Austin L. Kersten, commander of Sequoit Post 455- Veterans of Foreign Wars of Antioch will go to Chicago tomorrow to again receive recognition for the Pageant of Flags program which won for the post \$50 and a George Washington Honor Medal from the Freedoms Foundation in 1955.

The recognition will be given by Kiwanis International at a luncheon at 12:15 p. m. in the Sheraton Hotel. The Freedoms Foundation award will be re-presented.

Invitation to receive the award at the Kiwanis luncheon was made by W. C. "Tom" Sawyer, vice president of Freedoms Foundation at Valley Forge in charge of awards.

The program that won for the Antioch post this award was the pageant in which the nine different flags that have flown over the United States were presented in narration at the Antioch Grade School.

Anthony Doubek, 50, Dies After Lingerin Illness

Anthony Doubek, 50, North Shore Loon Lake subdivision, died Tuesday at 10 a. m. at the Lake County Tuberculosis sanitarium, after three and a half years of illness. He was born May 25, 1905 at Prague, Czechoslovakia, coming to America July 4, 1922, settling in New York City, afterward moving to Chicago and then to Loon Lake. He was a member of St. Peter's church. He was a tool and diemaker and was employed with Automatic Steel Products, Inc., of Chicago.

His relatives are his wife, Josephine, a brother James of Williamston, North Carolina, and a sister, Mrs. Georgianna Frey of Brooklyn, New York.

Funeral services will be held at 9:30 a. m. Friday, April 13 at the Strang Funeral home and at 10 a. m. at St. Peter's church. Interment will be in Mount Carmel cemetery. Friends may call at the funeral home after 7 p. m. Wednesday.

A.T.H.S. Band Gets Superior Rating and Will Go to DeKalb

Choir Receives "Excellent," Girls' Glee Club Gets "Good" Rating

The Antioch Township High School band directed by Louis Chenette won superior rating at the district contest at Warren Township High School, Gurnee, Saturday and will participate in the state contest at DeKalb May 5.

The band participated in class B which is the designated classification for schools under 550 enrollment. Superior is the highest rating which is possible to achieve in an Illinois High School Association contest.

Grayslake and Woodstock High schools were the only other schools receiving this rating for bands.

Numbers played by the Antioch band were "Burst of Flame," "Solenn Procession," and "Zampa." The band was commended by the judges for its tone control, clarity, balance, musicianship, and appearance.

Antioch's a cappella choir received an "excellent" rating which is next to superior, and the girls' glee club a "good" rating. These ratings represent a commendable performance in as much as this was the first time either of the groups have performed at a contest.

Harvard's mixed chorus was the only choral group to receive superior rating and become eligible to enter the state contest. State competition this year is in two divisions, the northern at DeKalb and the southern in Springfield.

A busy season of musical activities continues with the events scheduled as follows:

Monday, April 23, 8 p. m.—Conference festival at Fenton High school in Bensenville.

Saturday, April 28, 8 p. m.—"Springtime Fancy," music festival in the high school auditorium. May 5—State music contest.

I. R. Andrews Heads New Antioch Dist. For Illinois Bell

Antioch, Fox Lake, and Lake Villa have been taken out of the Libertyville District by the Illinois Bell Telephone company and now comprise a new district of the company to be called the Antioch district.

Ira R. Andrews will be manager of the new Antioch Exchange area, replacing John Littler, who will continue as manager of the Libertyville district.

E. R. Proise, district commercial manager of the company, announced the decision of the district and the promotion of Andrews this week, saying that the area had grown to the extent that a division of responsibility was desirable to give the best service.

Andrews has been an employee of the company since 1947 when he began as a service engineer at Champaign, Ill. Recently he has been assistant manager at Oak Park. His promotion to head the new district was effective April 1.

1,200 Attend Exhibit Of Girl Scouts at Round Lake Building

The Lakeside Girl Scout Council Exhibit held Saturday at the Round Lake Consolidated Grade School, was a big success, with an estimated crowd of about 1,200 people during the course of the day.

Among the Scouts who received recognition for five or more years membership in the organization were Karen Kersten, Margie Lehmann, Emily Reichenback, Patricia Jesse, Annabelle Hribar, Nancy Nemec, Patricia Byrne, Gail Frasier, and Judy Maleck of the Antioch area, Pennie Storch, Lake Villa, and Mary K. Brown, Cathy Kostelnik, Mary VonStoesser, Charlene Garrett, Normandy Durling, and Sharon Berliner of Venetian Village.

The surprise of the program was accorded Mrs. A. H. Kaufmann of Antioch, when she was called to the stage and given the Girl Scout "Thank You" medal, a very special award given in recognition for the many years of service she has so generously given the Lakeside Council. Mrs. Kaufmann is one of the principal persons who helped organize the Lakeside Council in 1947, starting with about 100 registered scouts, and now boasting more than 1,000.

Approximately 18 troops from the council area contributed to the very fine afternoon and evening programs, and another 15 or more troops displayed interesting exhibits of various arts and crafts they had created.

Murphy, Coulson, Schneider Run Close Race For GOP Representative

"The Curious Savage" Senior Class Play on Friday and Saturday

"The Curious Savage" will be presented at 8 p. m. Friday and Saturday, April 13 and 14 in the high school auditorium by the senior class with Joanne Haydon playing the leading role as "Mrs. Savage."

John Patrick, author of the play and also author of "Teahouse of the August Moon," says that this play shows "the gentle inmates of 'The Cloisters' which are to be played with dignity and warmth. Patrick says that the "home" is not an "asylum" nor are these good people "lunatics." He states that the whole point of the play is to contrast the inmates with Mrs. Savage's children and the insane outside world.

Supporting roles are played by Lenore McCord, John Kelly, Pat Hamlin, James Scully, Mary Tully, Robert Cain, Albert Herman, Sue Wolfenbarger, Jackie Martin and James Stonis.

Antioch-Grayslake Game Here Friday; Wilmot Wins 6 to 1

Antioch High will open its baseball season here tomorrow against the Grayslake Rams with the frosh-soph team playing the Grayslake underclassmen at Grayslake.

Play will start at 4:15 p. m. and with good weather the game should be a good one.

Coach Larry Leon announced that his starting lineup and batting order will be Frank Walsh, right field; Lonnie Christensen, shortstop; Sid Parker, center field; Jerry Meyer, catcher; Jim Stonis, first base; Earl Deppe, third base; Wayne Swanson, pitcher; Chuck Larson, second base; Bill Barnstable, left field.

In a practice game last Friday at Fox River State Park, the Sequoits lost to Wilmot 6 to 1. Three of the Wilmot runs were unearned, and so was the Antioch run. Antioch scored in the seventh when Don Schroeder walked, went to second on a pass ball, took third on a wild pitch, and came home on a double steal.

Batteries were: Antioch—Swanson, Deppe, and Meyer; Wilmot—Larry Timmer and Bob Timmer. Antioch had one run, 2 hits, and 4 errors; Wilmot, 6 runs, 5 hits and 1 error. The game was played in 1:45, which is considered good time for an early season game. For the little amount of practice the two teams have had, playing was good.

Fire Wednesday Makes Family of Four Homeless; Cause Is Unknown

The John Donovan family of Beach Grove is living temporarily with relatives in Lake Villa today as a result of a fire which was detected in their home on Beach Grove road at 3 p. m. yesterday.

Mrs. Donovan was in the yard with her three year old son, when she detected the fire. She immediately went in the house and picked up the one year old daughter, and called the fire department.

The fire was well advanced when the fire department equipment arrived, and was gutted before the fire department equipment arrived and the house was gutted before the blaze was extinguished. All the clothing and personal belongings of the family were lost. Fire Chief Edgar Simonsen estimated the damage to the building at about \$4,000 and about the same for the property inside.

The house is located south of the road opposite by Ferris Airport, and no water is readily available there. Simonsen said that by use of the fog nozzles the fire was put out with the use of about 500 gallons of water. 1500 gallons were available on the trucks which reported.

Swimming Pool Walls Completed for Plumbing

Work on the Lions swimming pool, the Aqua Center, is progressing rapidly. The walls of the pool have been poured and the forms removed ready for the plumbing. This will be delayed a few days because the plumbing supplies have not arrived. Yesterday, digging for the footing of the bath house and filter house were completed and that is as far as the contractor can go until the plumbing is completed.

Less Than 500 Votes Separate Three in Contest for Assemblyman

Results of Tuesday's primary election is still in doubt as far as the race for Republican representative goes. While no official totals are available, an unofficial total furnished by County Clerk Gar Leaf shows Robert Coulson in the lead with a total of 28,452; Hugo Schneider in second place with 28,029½; W. J. Murphy trailing by 473 with 27,979.

Leaf said today that under new state law the board of canvass would be made up of the chairman of the two parties and himself. Canvass of the votes will begin tomorrow (Friday) and Leaf said that he hoped that the job could be completed by Monday.

Previous to this year the board of canvass was made up of the County clerk and two justices of the peace. It was also noted that the Central committee heads have the right to substitute their secretaries or vice-chairman.

Leaf told newsmen just before press time today that Jack Williams, chairman of the Lake County Republican central committee, has designated Max Pilz, Precinct committeeman from Precinct 11, Waukegan, and vice-chairman of the central committee to act in his stead. Draper Daniels, Lake County Democratic central committee chairman has designated Harold Bergman, precinct 2, Benton committeeman to serve as the Democratic member of the board.

Murphy said today that in the event that he lost the nomination, he would not ask a recount, because of the expense, but that he would come back in two years for another battle.

Voting was not especially heavy in Antioch. Eisenhower polled 1314 votes. Stratton was a three-to-one winner over Wright; and Carpenter polled 1123 to 192 cast for Bohling.

A tabulation on the Antioch vote for county offices appears elsewhere in this issue.

Upsets in Committeemen Race

Dan H. Lightsey upset Frank Kelly in Precinct 1 by a 284 to 109 margin; Charles Larson was unopposed in Precinct 2; Paul R. Wanthan defeated the veteran John Molose in Antioch 3 by 103 to 26; Helen Burke was a big winner in Precinct 4, defeating George Mazzuca and John R. Russo. The totals were Burke—209; Mazzuca—147; Russo—72. In Precinct 5 Henry Pape was unopposed.

Dairymen Agree to 1c Price Hike on Milk to Compensate Farmers

Avery Vose of Crawford rd., a director of the Pure Milk association from Dist. 7 which includes Lake county, attended a meeting of the P.M.A. with Associated Milk Dealers in Chicago Tuesday in which agreement was reached to raise the price of milk 40 cents a cwt., or one cent a quart.

Of this increase the dairy farmer will get between 18 and 20 cents.

Enactment of the price hike will await approval of the Department of Agriculture which regulated the price under agreement of the dairy interests.

Should the Department not approve, some way will be found to maintain the increase, Fred Nonnamaker, secretary of the dealer organization said.

The increase was approved by the dealers, Nonnamaker said, to avert a strike of the dairymen similar to that which took place at Detroit two weeks ago.

Whether the increase will be passed on to the consumer or be absorbed by the dealer was not stated, but observers were of the opinion that it would be.

Future Homemakers To Give Style Show For Public at School

The Future Homemakers of Antioch Township High School will present for the public a style show at 7:30 p. m. Tuesday in the high school auditorium.

The girls will model the clothes they have made in the homemaking classes. The girls will model the clothes are: Dinane Domek, Sandy Angelloff, Nancy Wetterberg, Judy Horton, Elaine Wohlfell, Pat Dressel, Mary Forbrich, Barbara alshouse, Carol Bunkelman, Lenore McCord, Mary Lou Osmond, Rose Ellen Furlan and Diane Robis.

Refreshments will be served.

Play Ball!

Once again, the baseball season is upon us. The sports writers and commentators are telling the ever-fresh story of the spring training camps, and going out on long limbs with their forecasts. Soon, all over the country, the teams will start their regular schedules against their traditional opponents, and the American people will flood into the ball parks.

Some will go to see World Series pennant winners and contenders, the names of whose stars are household words the nation around. Others will follow the fortunes of outfits in obscure little leagues, made up of one-time big-leaguers now in the sunset of their playing days and of young fellows full of dreams of glory. But, whatever the case, it will be baseball—the great American Game.

There is something, to most fans, that goes with baseball as surely as a warm sun on a green infield. That is the humble, the inexpensive, the succulent hot dog! Believe it or not, this is America's most popular single meat food. This year, says the American Meat Institute, we will devour 8.5 billion of them—or, to put it another way, 800,000 miles of hot dogs! Consumption keeps rising—partly, the institute says, because of our increasing population, and partly because the sausage makers have learned how to prepare the particular varieties which are in demand in different localities.

Naturally, hot dog devouring reaches its peak in the summertime. The National Anthem is played, the man in blue calls "Play ball!"—and in the grandstand and the bleachers the cry is "Hot dogs!"

Grass Roots Opinion

PORT ALLEGANY, PA., REPORTER-ARGUS: "Editorial columns are traditionally 'the voice of the community' as reflected through the management of the newspaper in which they appear."

BEDFORD, IND., DAILY TIMES-MAIL: "No system has ever been found that eliminates the human motive. That's why we have vigorously opposed all government ownership, and almost all government control."

CLEVELAND, O., JEWISH REVIEW AND OBSERVER: "The U. S. Constitution says that the public school is not the place for the practice of any religion. Secondly, American public schools on the whole do not include religious hymns in their curricula, and yet they are not Godless by any stretch of even the bigoted imagination."

RED CLOUD, NEBR., COMMERCIAL ADVER-

TISER: "Owen W. Mills, of Cincinnati, has set an example which we think other Americans should follow. The thirty-one-year-old Ohioan surrendered his automobile driver's license to the authorities. The reason Mills gave up his license was failing eyesight. Mills began to worry about the possibility that he might injure or even kill a pedestrian or another motorist, because of poor eyesight."

MOSINEE, WIS., TIMES: "This nation needs between 50,000 and 90,000 engineers and scientists annually to protect our freedom from aggression, and to satisfy the demands of our industrial economy. The rewards for the young scientists and engineers are great, in service to country and materially to them."

Communist Frogs Repulsed!

Some time ago, according to the Chicago Daily News Foreign Service, British bullfrogs were threatened with extinction. Armies of Hungarian killerfrogs swept across the channel and into England. But the British frogs with true John Bull spirit, fought back "and established themselves as the toughest frogs in the Eastern hemisphere."

It may be that the atmosphere of a country is communicated to lower forms of life as well as to humans! England, for all her crises, political and economic, has held on to the basic freedoms, and her people have kept pride and independence. In Hungary, by contrast, Communism has reduced the populace to oppressed tools of the state. Even the Hungarian frogs, it seems, no longer have what it takes!

Two Clerks Needed

The Winstead, Conn., Evening Citizen, recently ran a little advertisement of its own, directed at its advertisers. It said: "A store that doesn't advertise still needs two clerks... one to carry out the other who faints when a customer comes in. Advertising is the life blood of business."

That goes for the sellers of goods and services—and for concerns that want to build up confidence and public interest, which are touchstones of commercial success. Advertising isn't an expense in the ordinary sense—by building business, it helps to lower costs to producer and consumer both. And the newspaper, large or small, remains the most effective advertising medium.

Who Is Hit Hardest?

The federal income tax begins at 20 per cent, on the lowest taxable incomes. From there on it rises fast until it reaches 91 per cent in the high brackets.

You might logically judge from this that people of large means, because of progressive taxation, pay most of the tax bill. But they don't. Eighty-four per cent of all individual income taxes collected come from the basic 20 per cent rate—and only 16 per cent from the surtaxes. As Graham Patterson puts it in Town Journal, "So the high rates are actually more destructive of income than productive of revenue."

Excessively costly government hits everyone—and it hits people of moderate means hardest. There aren't enough rich people to carry the load.

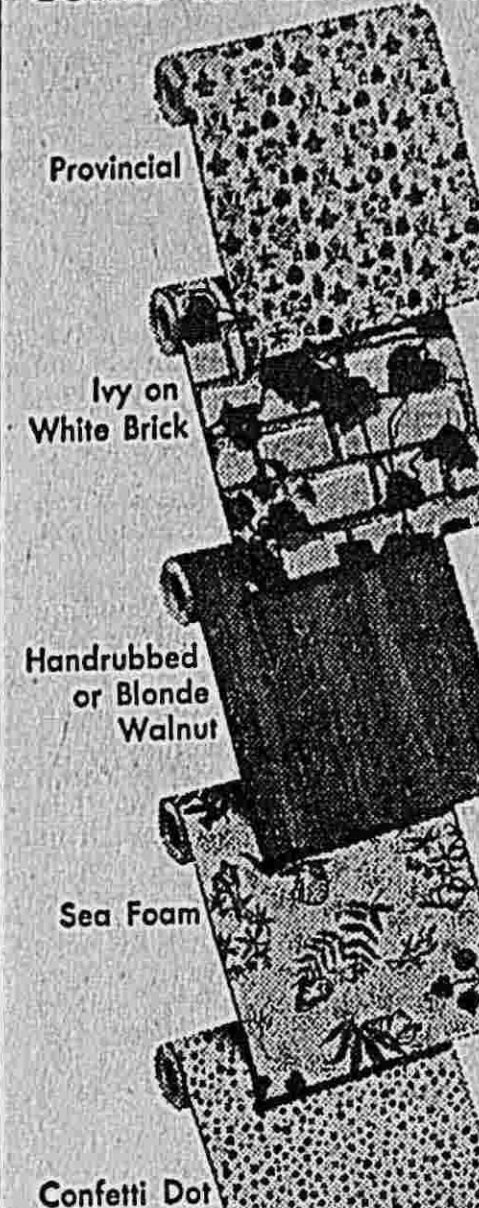

Kosar had games of 198-202-167—567 total.

Merry-Go-Round Bakery beat Antioch Milling Co. all three games. Cermak's Real Estate won two games from Carey Elec.

Lake Villa Lumber won two games from Lasco's Greenhouse. Dick's Tree Service won two from Truax Trucking.

Salem Business Men won two games from Drije Chevrolet. Ray's Shell Station took two from King's Drug Store.

The Pancake Supper that was served by the Antioch Grade School Band Parent Association on Saturday, April 7, 1956, was successful due to the cooperation of the Jewel Tea Co., Quaker Oats Co., and General Foods Co. and local contributors.

The Jewel Tea Co. sent a representative to prepare and serve all the Mary Dunbar coffee. They also supplied the sugar and cream, applesauce and jam.

Quaker Oats Co. donated all the Aunt Jemima Pancake flour.

General Foods donated all the Log Cabin syrup.

The organization also wishes to thank the following for their contributions:

Dalgaard's IGA, Burlington Music Mart, The Pantry, Bel-Aire Beauty Salon, Antioch 5 & 10, Walt's Barber Shop, Cap's Barber Shop, Keulman Jewelry Store, the Jewel Box, King's Drug Store, Trading Post, Antioch Liquor Store, Nelson Real Estate, Carey Electric and Plumbing, Thebest Venetian Blind Co., Taylor's Shoe Store, Rendall Coal & Oil, Sinclair Refining Co., Steve's Garden Center, Old Orchard Inn, Antioch Sheet Metal, Antioch IGA, Wilson's Landscaping, Osmond's Service Station, Smart's Country House.

Linder's Cheese and Liquor, C. L. Wertz, Barthel's Ready Mix, Hazel's Beauty Shop, Loon Lake Service, L & R Aviaries, Webb's Boat House, Loon Lake Plumbing, Ray Traves Tavern, Red Arrow Inn, Antioch Concrete Products, Murrie's Service Station, Little Gift Shop, Gamble Store, Avery's appliance, Thompson's Tap and Grill, Marianne's Pedersen's Bakery, Wilton Electric, Antioch Packing House, Klass' Men's Store, Ray's Grocery Store, Joseph Blaha, Art's Paint Store, Gibbs and Jensen, Merry-Go-Round Bakery, Otto's Steak House, Antioch Launderette, Hunter's Garage, Polze Bros., Jerry Rookow, Dr. Carlucci.

Knickerbocker's Tavern, Williams Dept. Store, Bussie's Tavern, Frostee Sno, Kelly's Tavern, Lakes Tile Co., Codington Hardware, Sorensen's Bait Shop, Elliott's Grill, Christopherson Electric, Antioch Advertiser, John's Loon Lake Barber Shop, B & M Pizzeria, Kirchbaum Wholesale Supplies, California Bar and Grill, Olson Implement, Antioch Lumber Co., Louis Tanner, Wes' Body and Fender Shop, William Vos, Jim's Sinclair Station, Antioch Milling Co., House of Beauty, Main Garage, Drije Chevrolet Sales, Masek's Service Station, Kolar's Shoe Service, Art Lubkeman, Regal China, Emil Lubkeman, Norshore Resort, Ruralite Dining Room, Chain O' Lakes Cleaners, Homer LaPlant, Loon Lake Body Shop, Kunst Grocery, Tarfu Club, Loon Lake Inn, Conrad's Cozy Corner, Pickard, Inc., Lakes Animal Clinic, Ray's Shell Station, Cosgrove Shoes, Lake County Sheet Metal, Marek Music Conservatory, Roblin Hardware, Western Tire Auto Store, Frank Powles Grocery, Antioch Servicenter, Barnstable and Brogan, Hunt's Service Station, Dan Lightsey.

Gibbs Variety, Carlson Ford Sales, George Sterbenz, Bud's Tavern, Bill's Texaco Station, Edward Strang, Lakes Theatre, Antioch News Agency, Willowdale Dairy, John Store, John Gaa and Son, Mrs. Hopwood, Antioch A & P Store, H & T Manufacturing Co., Sexauer Real Estate, Dick's Bicycle Shop, Cermak Real Estate, George Palaski, Valling Electric Co., Bob Mann's Grocery, Lasco's Greenhouse.

Studies show that a majority of fatal accidents occur near the victim's home. Pedestrians should remember to obey traffic rules at all times, not just when a traffic officer is present. Always cross at intersections and never cross between parked cars.

The Chicago Motor Club reports that half of all pedestrian accidents occur at intersections which are equipped with traffic lights. Most of these accidents take place because the pedestrians cross against the lights. Remember traffic lights are there for pedestrians as well as motorists.

COUNTY ZONING NOTICE STATE OF ILLINOIS

ss.
COUNTY OF LAKE)
TO WHOM IT MAY CONCERN:

PUBLIC NOTICE is hereby given to all persons in the Town of Antioch, Lake County, Illinois, that a public hearing will be held on April 30, 1956, at 1:30 P.M., in the Village Hall, Antioch, Illinois, relative to a proposal to vary the terms of the Lake County Zoning Ordinance, or to reclassify by amendment thereto, from the R-4 Residential District, to the B-1 Business District, the following described real estate, to-wit:

That part of the South half of the North half of the Southeast quarter of Section 23, Twp. 46 N., R. 9, East of the 3rd P.M., described as follows: Commencing at point on the North line of the South half of the North half of the Southeast quarter of Section 23, 1263 feet West of the Northeast corner thereof; thence West along said North line 334.6 feet; thence South 16 degrees 37 minutes East 108.44 feet; thence East along a line parallel to said North line of said fractional Section 150 feet, more or less, to a point on the West line of Mills Street; thence South along the West line of Mills Street, 50 feet; thence East along the North line of Heart O'Lakes Boulevard, 190 feet; thence North along a perpendicular line with the North line of Heart O'Lakes Blvd., 250 feet to the point of beginning, in Lake County, Illinois.

As a result of the petition of Minnie M. Smith, which petition is on file and available for examination in the office of the below named Board, Court House, Waukegan, Illinois.

All persons interested are invited to attend said hearing and be heard.

LAKE COUNTY ZONING BOARD OF APPEALS

Earl H. Kane, Chairman

Dated at Waukegan, Illinois, this 12th day of April, 1956.

SOCIETY EVENTS

Judge Hulse to Speak Before Antioch P.T.A.

Judge Minard E. Hulse will speak on juvenile delinquency at the next meeting of the Antioch Grade School Parent-Teacher association at 8 p. m. Monday in the school gymnasium.

Hulse sits both as county judge and judge of the juvenile court in Waukegan. Over the years he has seen juvenile delinquency increase and has some definite ideas about how it should be handled.

The meeting will be public. Refreshments will be served following the meeting in the school cafeteria.

MISS CARLEEN BEHRENS IS BRIDE OF S. A. DARNELL

Nuptial vows were spoken on March 11 by Miss Carleen Joy Behrens, of Brighton, Colo., formerly of Wilmet, and Stephan A. Darnell of Denver, Colo., at a 2 p. m. ceremony at the Methodist church of Brighton, Colo., by the Rev. John Millsap of Brighton.

It was a double ring ceremony. The altar was decorated with candelabra and baskets of pastel spring flowers.

Parents of the couple are Mr. and Mrs. Warren Behrens of Brighton, Colo., and Mr. and Mrs. Guy Darnell, Denver, Colo.

Given in marriage by her father, the bride wore a full length white gown of lace and nylon net with a princess neckline, long sleeves, tiered skirt, finger tip veil. Her bouquet was white feathered carnations and red roses. Miss Connie Behrens, sister of the bride wore a blue waltz length dress of nylon net. Her bouquet was of pink chrysanthemums.

Al Rosenberger, of Albuquerque, New Mexico, was best man, and Jake Scrivens, Brighton, Colo., and Clyde Harshbarger, also of Brighton, were ushers.

The bride attended Union Free High School, Wilmet, and graduated from the Brighton High school, at Brighton, Colo. She is employed as secretary for the Colorado Farm Bureau at Denver. The bridegroom graduated from Denver North High school, served four years in the Air Force. He works at Safeway Stores, Denver, Colo. The couple will reside at 2829 W. 43rd st., Denver, Colo., after a week's honeymoon.

MUSIC EDUCATORS MEET AT RIVERSIDE SCHOOL

Riverside Junior High School was the meeting place for this season's final program meeting of the In-and-Out Chicago Music Educators club, Monday.

The retiring president, Otto Graham, Sr., chairman of Fine Arts, and director of bands, Waukegan High school, has headed the club for two successful seasons.

The club consists of about 200 persons actively engaged in music education in and near Chicago.

LUNCHEON FOR NUNS WAS A BIG SUCCESS

A luncheon given recently at Smart's Country House in honor of the nuns of St. Peter's school was attended by 150 women of the community. Gifts totaling \$316 were presented to the nuns for their summer school expenses.

Mrs. Ruth Peters and Mrs. Anthony Stanich headed the committee planning the event.

Most of the women wore Easter garb and were quite striking in their new outfits which were beautiful.

Engagement Announced

Mr. and Mrs. Carl L. Barthel have announced the engagement of their daughter, Barbara A. to Mr. Charles John Smith, son of Mr. and Mrs. C. M. Smith of Grass Lake. The wedding date has not been set.

Auxiliary News

Pan-American Program

April is designated Pan-American month in the American Legion Auxiliaries. Each year the Units make a study of a Latin American country. This year the country is Haiti. Mrs. Sedavie, Pan-American chairman of Antioch unit will give a review of the people their ways of living, the climate, geographical structure and other interesting items about Haiti, at the regular meeting of the Unit Friday, April 13. The meeting will be called promptly at 8 p. m. and all necessary business will be transacted.

At 9 p. m. Mrs. Adelaide Gleason will be present to give a demonstration of Emmons Jewelry. Anyone interested, whether an Auxiliary member or not, will be welcome to attend this meeting to see the display of beautiful jewelry. All Auxiliary members are urged to come and bring a friend.

Past Presidents' Annual Dinner
The Tenth District Annual Past Presidents' dinner will be held Tuesday, April 24th at 8:30 p. m. in the Legion Home, Waukegan.

Past Presidents of Antioch Unit who plan to attend, please see the unit past president parley chairman, Dorothy Horan. All reservations and fees must be in by April 18th.

Woman's Club to See Pictures of Travel And School Teaching

The Antioch Woman's Club will meet at 1:30 p. m. Monday, April 16 at the Scout Home where colored slides of travels abroad will be shown by Mr. and Mrs. Clarence Spiering. Also appearing on the program will be Mrs. Frank Buntion who will show a colored film on work with retarded children at Parkside and Garden Schools.

Hostesses will be Mesdames Joseph Patrovsky, Jr., Roman Vos, John Horan, George Jaros, Luliver Lasco, Alma Bobzein, J. Ernest Brook, James Healy, Hedley Simons and George Jaxon.

There were 37 members and guests of the club which went on a tour of Milwaukee last Monday.

ALTAR AND ROSARY SOCIETY TO HONOR FAST OFFICERS

The Altar and Rosary Society of St. Peter's Catholic Church will honor their past officers at a meeting Monday evening May 7th. All past officers are invited to attend. Past presidents are asked to contact Mrs. Thomas Pechousek, Ant. 150-W or Mrs. John Harrison Ant. 647-M.

Engaged

MISS HUGHES

The engagement of Miss Ann Marie Hughes, to Richard Maker of Chicago, is announced by her parents Mr. and Mrs. B. J. Hughes of Grass Lake and Chicago. The wedding date will be announced later.

St. Ignatius Auxiliary Met Wednesday Afternoon

St. Ignatius Episcopal Women's Auxiliary met Wednesday afternoon at the home of Mrs. Oren Hastetter. Chairmen for the rummage sale to be held July 13 and 14 at the parish hall will be Mesdames Virginia Magiera and Dorothy Horan. Mrs. O. I. Onstad will have charge of the program for the next meeting of the Auxiliary.

Natalie Schippmann Honored at Shower

Miss Natalie Schippmann was honored at a miscellaneous wedding shower Tuesday night at the home of Aleeta Ring. The evening was spent playing bingo and after the honored guest opened an assortment of beautiful gifts, a lovely lunch was served by the hostesses Aleeta Ring and Irene Perry.

Miss Natalie Schippmann, daughter of Mr. and Mrs. Edward Schippmann of Petite Lake, who has been employed in San Francisco, Calif., for the past six months, arrived home by plane Sunday morning, to make plans for her wedding which will take place May 19, when she will become the bride of Lt. JG. Walter Shourd of East St. Louis.

Engagement Announced

Miss Faye Lathom

Mr. and Mrs. George Lathom, Grass Lake, Antioch, announce the engagement of their daughter, Faye Arlene, to Sgt. Donald Soder, who is stationed at O'Hara Field.

Faye is formerly from Chicago and is now employed in the production department at Johnson Motors in Waukegan.

Donald resides with his brother, Edward Soder and family of Grass Lake rd., Antioch.

The wedding date has been set for September 29.

Reception for Robinson

The Rev. and Mrs. Gerald Robinson and their two children were guests of honor at a reception given Sunday afternoon at the Community Methodist church in Lake Villa where Mr. Robinson is pastor. The official board sponsored the event. A program of vocal and instrumental music was followed by the serving of refreshments.

Downey Needs Typists

The Veterans Administration Hospital, Downey, Ill., has announced that there is an urgent need for several Clerk Typists, GS-2, paying a starting salary of \$2980 per year.

Persons selected to fill these positions will be entitled to all the Civil Service benefits such as annual leave, sick leave, Civil Service Retirement, Federal Group Life Insurance and Medical and Hospitalization insurance on a group plan. There are non-housekeeping quarters and meals available at a reasonable cost if desired.

For further information, interested persons may apply at the Personnel Office, Building No. 3, VA Hospital, Downey, Ill., or call Ontario 2-1900, extension 425.

EVENING CIRCLE OF W. S. C. S. TO HOLD MEETING THURSDAY

The evening circle of the Women's Society of Christian Service of the Methodist church will hold its regular meeting Thursday evening, April 12 at the home of Mrs. Ruth Duha of Bluff Lake. Mrs. Lee Davis will be assistant hostess. Rabbi Sacks will be speaker for the evening.

W. S. C. S. TO SPONSOR SPRING FESTIVAL APR. 17

Members of the Women's Society of Christian Service will sponsor a Spring Festival, bazaar and bake sale at Wesley Hall Tuesday, April 17. The bazaar and bake sale will start at 10 a. m., and a Holbrook House luncheon will be served at 11:45. You may call telephones 175J, or 407-R for reservations for the luncheon.

The junior class of Grant Community High school, Ingleside, will present a play entitled "Little Sweetheart," a comedy in three acts, Friday and Saturday, April 13 and 14, at 8 p. m. in the high school auditorium.

Order of DeMolay To Be Instituted In Antioch May 19

The Order of DeMolay will be formed in Antioch.

Boys between the ages of 14 and 21 interested in joining the order are invited by the sponsors to petition the Antioch chapter. The order is open to boys of any faith.

The organization was first formed in Kansas City, Mo., in 1919 by Frank S. Land and has since grown to a membership of more than 2,500,000 located throughout the United States.

All boys joining are required to take a pledge to live cleanly, think cleanly, and to honor his parents.

The induction, installation and initiation of members will take place at 2 p. m. Saturday, May 19, in the Antioch-Township High School gymnasium.

Library to Close for Tiling of Three Floors

The Antioch Township Library, will be closed Monday, Tuesday, Wednesday and Thursday, April 16 through April 19. At the March 28 meeting of the Library Board, it was decided to accept the bid of the Lakes Company to tile the wood floors in the reading room, reference room and the young people's room. These floors receive hard wear and the library is never closed for a long enough period to give wood floors the care required to keep them in good condition.

On High Honor Roll

Nancy Rentner, 375 Harden st., is among the 66 students named to the scholastic high honor roll at Lawrence College, Appleton, Wis. Grades of 2.5 on the basis of 3.00 are required to be ranked a high honor student. Miss Rentner, a freshman, is a member of Kappa Delta social sorority.

Home Bureau Unit Rewarded

Lake Region Home Bureau was represented by 7 members and 3 guests at the Lake County Home Bureau annual meeting at Libertyville last week. The unit was one of five in the county to receive special recognition for having dues now paid by 100 per cent of the membership. Mrs. Lawrence Thayer, treasurer, accepted the award.

Parents of Daughter

Mr. and Mrs. Donald Forbes of Petite Lake are the parents of a daughter, "Deborah Faye," born April 1.

Mr. and Mrs. Ray Eddy returned home last Thursday after spending the winter months in Florida.

Mr. and Mrs. James Kanka of Grass Lake returned home recently after spending the winter in Florida.

Troop 92, Boy Scout, conducted a bake sale Saturday at the Carlson Ford Sales which was quite successful. The troop netted more than \$100.

Antioch Chapter Order of Eastern Star will hold a meeting and initiation this evening (Thursday) at the Masonic temple.

Graduates from N. C. O.

Leadership School at Ft. Meade, Fort Meade, Md.—Army Pfc. Lewis N. Place, 21, son of Mr. and Mrs. Nelson B. Place, Route 2, Antioch, recently was graduated from the Non-Commissioned Officer Leadership School at Fort George G. Meade, Md.

Place received instruction in leadership of units, map reading and other military subjects.

He is regularly stationed in Pittsburgh, where he is a member of the 74th Anti-Aircraft Artillery Battalion's Battery A.

He is a 1952 graduate of Antioch High school.

Officials Observe Sewer-Water Plant Efficiency Trophy

The traveling trophy proudly held by Mayor James McMillen and Chief of Police Walter I. Scott is one that Scott, as superintendent of the sewer and water plant received for efficiency of plant operation awarded by the State Department of Public Works and Buildings. Joining in admiration of the trophy are, left Trustee Arthur M. Hawkins and right, Trustee Ernest E. Glenn, members of the sewer and water committee. The name of the village will be inscribed on this trophy and it will then be passed on to some other village next year.

BOWLING

Ten Pin Topplers

Tuesday, April 10

Ecuador Indians Defy Civilization For Centuries

WASHINGTON—The very sad slaying of five missionaries by Auca Indians of eastern Ecuador has aroused widespread concern about the name and nature of these remote South American aborigines. Dr. Matthew W. Stirling, director of the Smithsonian's Bureau of American Ethnology, is one of the scientists who several years ago made a first-hand study of the neighboring head-hunting Jivaro of Ecuador.

The term Auca, says Dr. Stirling, does not refer to any particular tribe but is a Quechua term used in the Andean highlands to refer to any pagan Indian groups as contrasted with those who have been christianized. The group who did the recent killing, he says, belongs to the Zaparo tribe and lives in the area between the Curare and Napo Rivers. The Franciscans, the Jesuits, and the Dominicans established a number of missions among them in the sixteenth, seventeenth, eighteenth, and nineteenth centuries. Much of what is known of these Indians is based on Alfred Simson, an Englishman who spent considerable time with the Zaparos in the 1870's. A large amount of information concerning the Zaparo and many attempts to missionize them and their neighbors is contained also in the accounts of Pablo Maroni, Jose Chantry y Herrera and others who painstakingly compiled the mission and travel records covering four centuries.

Palau Sea Snake Deadly as Cobra

WASHINGTON—Specimens of some of the world's most venomous serpents among the collections of the Smithsonian Institution include the sea snakes of the South Pacific. Collected on the shore of Koror Island in the Palau group of the Carolines, the creatures are as deadly as any cobra.

Despite the fact that a bite almost certainly would be fatal to a human being, native children play with these snakes with complete impunity. They pick them up and toss them from one to another, just as American children play "catch." There is no record of a native child being bitten, or anyone else for that matter, and the natives look upon the reptiles with complete indifference. According to stories, the natives

sometimes fish with sea snakes, holding them by the tail. The snake pokes about in crevices; and when it catches a fish, the fisherman pulls it out.

Americans Consuming Less and Less Wheat

MINNEAPOLIS—In 1955 our 164½ million Americans consumed almost exactly the same total quantity of wheat for food as only 91 million Americans consumed in 1909—about 475 million bushels. Thus our per capita use of wheat foods has dropped precisely as fast as total population has increased.

But though our 1955 wheat crop of 938 million bushels was the smallest since 1943, it was still nearly 40 per cent larger than that of 1909, when we harvested 684 million bushels. Our average annual wheat production for the past five years has been 1,075 million bushels; for the five years 1905-1909 it was 681 million bushels, U.S. Department of Agriculture figures show.

Meanwhile the average American's annual consumption of wheat for food has dropped from 5-1/5 bushels in 1909, when the Government started keeping such records, to less than 3 bushels per capita in 1955.

New Rabies Vaccine Has Been Developed

URBANA, ILL.—A new vaccine to protect persons exposed to rabies has been developed, and some workers in the field of rabies research feel that it may have some of the properties long sought in this type of vaccine, says a veterinarian at the University of Illinois.

Dr. R. M. Thomas of the state diagnostic laboratory states that the new vaccine is not in general use, but may become generally available in the near future.

Out of some 10,000 exposures to possible rabies in the nation last year, about 10 persons actually got the disease. The Pasteur treatment, a protective measure consisting of 21 shots, apparently always prevents rabies from developing in people who are exposed.

No Paradise

FORT MORESBY, New Guinea—"Paradise" Valley—discovered from the air amid New Guinea's high mountains—Isn't really a paradise.

Patrol Officer J. P. Sinclair, one of the first outsiders to reach the "paradise," reported the natives secretive and suspicious, the valley itself the coldest and wettest spot I have ever known.

Grass Lake Girl Scouts Exhibit Glass Novelties

Senior troop of Girl Scouts at Grass Lake show a collection of glass and made-at-home novelties they exhibited at the Girl Scout show at Round Lake last Saturday. The girls are, left to right, Pat Byrne, Judy Malek, Arlene Rozek, Gail Frasier, Marge Lehmann and Nancy Nemco. (Courtesy Waukegan News-Sun.)

Lake Villa Brownies Have Display at Round Lake Exhibit

Handicraft of Brownie Troop No. 1 of Lake Villa is shown on this table. Pictured left to right are troop members and Geraldine Paasch, Sheriff Chase, Betty Schnelder, Joyce Chase, Sandra McLeod and Joyce McCleod, with troop leaders, who exhibited the display at the Lakeside Council gathering at Round Lake Saturday. (Courtesy Waukegan News-Sun.)

Amiel Feyerabend to Sell Lincolns, Give Away Burros

Amiel Feyerabend, Antioch's new Mercury-Lincoln automobile dealer, who also has Fox Lake area in his sales district, stands beside two means of transportation. He will sell the one on the right, a new Lincoln, and will give away the one on the left, a burro.

Cancer Crusade Fund Provides Education On Year-round Basis

When you give to the Cancer Crusade of the American Cancer Society, part of your money goes to support the year-round education program of the Lake County Unit," said Mrs. Louis A. Biel, local chairman of the April drive for funds.

Mrs. Biel pointed out that this important phase of the Society's work is under the direction of Mrs. Rea Winchester, Waukegan, Lake County Education chairman, and a large group of local chairmen who constantly work with her.

"If cancer is detected soon enough," said Mrs. Biel, there are excellent chances that the patient can be cured. The whole purpose of this year-round activity is to teach people how to detect cancer early enough."

A library of films is maintained for showing to groups and organizations. These films include "Traitor Within," "Man Alive," "146,000 Could Live," "The Research Story," "Breast Self-examination," and "The Warning Shadow." Last year, 79 film showings were made in Lake County.

In addition to the film showing, over 73,000 pieces of educational literature were distributed last year—much of it during the annual drive for funds.

Seventeen Lake County schools had programs and film showings, and ten industrial concerns showed films or made cancer literature available to their employees.

With the assistance of the Lake County Medical Association, 15 doctors have given generously of their time by giving talks and answering questions when films were shown.

The films may be booked through the Information Center maintained by the American Cancer Society at 9 South County Street, Waukegan.

"Education is as vital a part of the cancer control program as is research or service," Mrs. Biel said. "Through education, lives can be saved right now without waiting for the time when research discovers the cause and cure of man's cruellest enemy. We urge everyone to fight cancer with a check-up—and a check."

During the past week 75 Cancer Banks and 75 Cancer Posters have been set out in our various places of business, by Mrs. Morris Pickus, co-chairman of the April drive for funds.

Mrs. Norman Benson, Mrs. Edward Sletten and Mrs. John Dupre helped in the project to contact local residents by mail.

According to the Chicago Motor Club, an art student was jailed for re-painting an old master—his 1955 Indiana state license plates. The student didn't have enough money to pay for new plates so he re-painted his old ones with this year's colors. Unfortunately, he didn't have enough money to pay his fine.

Feyerabend Lincoln And Mercury Dealer

Amiel Feyerabend, veteran of a quarter of a century in the automobile business, and who has built a sizeable trade during the last 10 years in Antioch, has been named the new Mercury-Lincoln dealer in the Antioch-Fox Lake district.

He built his plant here in 1948 on Main st. and his modern service department has eight factory-trained employees.

Feyerabend has decided to give away two pet burros, which though a slow mode of transportation make good pets. One of them has been on Feyerabend's farm on Millburn rd. for the last two years. It will be given away on April 15 and the other on May 1.

He originally bought the animals for his son, Bruce, 7, who now attends Park Ridge Military Academy, and has other interests.

It looks as if the automobile has finally come into its own. The Chicago Motor Club says a lot of old timers can remember when the new-fangled horseless carriages were barred from city streets because they frightened Ol' Dobbin. Now the reverse is true. A recently passed ordinance in Warren, Ohio, prohibits horse-drawn vehicles in that city.

Presenting Candidates For the High School Board

Nine candidates have filed petitions as candidates for member of the Antioch Township High School board of education in the coming election to be held Saturday, April 14. Two candidates have withdrawn their petitions.

Because of the high interest in the high school program, and especially in the coming election, we have asked all candidates to furnish information concerning themselves and their reasons for wishing to serve on the board.

Antioch high school district has grown to a great extent during the past few years, and many of the candidates may not be well-known to residents. For these reasons a brief biography of each candidate will be presented in this column before the election. Two are included in this week's issue.

Roman B. Vos

Roman B. Vos, 57, has served on the Antioch high school board for the past three years. He lives on Main Street, Antioch, and is the father of six children, four of whom are graduates of Antioch high school. Two are attending grade school.

He came to Antioch sixteen years ago, and has been associated with Antioch Lumber and Coal company and is at present manager of the company. He is secretary of the Lake Villa Lumber company also, and has had wide experience in the business world.

He has been active in all community affairs and is a past-president of the Antioch Lions Club, and past-commander of the Antioch Legion Post No. 748.

Vos told newsmen that he had enjoyed his three years of service on the board and that he had gained much experience during his term. He added that he had entered the race with the thought that improvement measures now underway and those planned for the future could best be carried out by experienced persons.

Elmer W. Rentner

Elmer W. Rentner, 54, is well known to most residents of Antioch and Lake Villa townships, having lived here all his life. He resides in Antioch on Hardin Street and is the father of three children, two of whom will be enrolled at Antioch next year.

He has had a long and successful career in business in the area, having started in the automobile business as a Chevrolet dealer in Lake Villa in 1928. He moved to Antioch to establish a dealership here about fifteen years ago, and operated the business until 1953, when it was sold to allow more time for other activity.

He is a director of the First National Bank of Antioch, has served two terms as member of the Antioch village board. He is active in church work and is presently president of the church congregation of Faith Evangelical Lutheran church, Antioch. He served as chairman of the building committee in erecting the new Lutheran church in Antioch, completed this year.

At present he is engaged in development of a subdivision south of Antioch, and other business.

He served on the high school board from 1952 until 1954.

If elected he promises to carry on the work of a board member to the best of his ability, and to devote sufficient time to the job to insure that it is properly done.

Hickory Corners

Mrs. Wm. Thompson, Correspondent

Throttle and Bottle Killed 609, Christmas

The throttle and the bottle were the big reasons why a record 609 persons were killed in traffic accidents last Christmas.

That was the conclusion of the National Safety Council today after a detailed study of 501 of the fatal Christmas holiday accidents, in which 564 persons died. The Council, which wants to find out why holidays are becoming horror days, said similar studies of other holidays would be made in the future.

Speed and drinking had an effect during the Christmas weekend almost three times greater than normal, the Council said. Driving too fast for conditions or in excess of the speed limit was a factor in 85 per cent of the fatal accidents, compared with an annual average of 35 per cent. Drinking drivers were involved in 55 per cent of the fatal mishaps, although normally they are involved in less than 20 per cent. The above percentages are based on reports which definitely stated whether or not speed and drinking were factors.

Despite the heavy influence of speed and drinking, chiefly to blame for boosting the Christmas toll 50 per cent higher than on other December weekends, the and people involved were much the same as usual.

The Council said it was surprised however, by when the accidents happened. Fifty-eight per cent of the accidents occurred in the first 30 hours of the 78-hour week-end, which began at 6 p. m. Friday and ended at midnight Monday.

In fact, as many accidents took place in the first six hours (6 p. m. to midnight Friday) as happened all day on Monday (the final 24 hours of the holiday period).

For pedestrian accidents alone, 70 per cent occurred in the first 30 hours, according to the Council. More pedestrians were killed in the six hours Friday night (21 per cent) than all day Sunday (18 per cent) or all day Monday (13 per cent).

Other facts shown in the Council report were:

1. More accidents occurred between 6 p. m. and 9 p. m. than any other 3 hour period. The hours between noon and 3 p. m. were the safest.

2. Seventy-five per cent of the accidents happened during dark hours—5 p. m. to 7 a. m. Even eliminating the six additional dark hours on Friday night, the ratio was still 70 per cent.

3. The most common type of accident was collision between two or more cars. Next in order were non-collision, pedestrian and fixed object collisions.

4. In 90 per cent of the accidents only one person was killed. The most serious accident killed four persons.

5. Rural accidents were fewer than normal in relation to urban accidents.

6. The ages of drivers was not much different from the normal pattern. Driver ages in the Christmas study ranged from 13 to 87. Six were under 16, and six over 75.

7. Males were driving in 94 per cent of the fatal accidents, only slightly higher than the annual average of 92 per cent.

8. Victims were about the same ages as usual, too, with one-third aged 25-44 and one-fourth aged 15-24. Almost four out of five victims were males, and these were mostly drivers.

9. The most common drive action contributing to fatal accidents was driving on wrong side of road or in center of road. Failure to observe a signal or stop sign was second. In only four of the fatal accidents was a mechanical failure or tire blowout mentioned.

10. Pedestrian victims were principally older people—4 out of 10 were 65 years of age or older. In one third of the cases, the pedestrian contributed to the accident by crossing between intersections, stepping from behind a parked car, or walking on a roadway. In two cases pedestrians were changing tires, and in one he was filling a gas tank when struck.

Corp. Franchise Fees Gain Over 1955, But Non-Profits Decline

Springfield, Ill., April 9—Collections of corporation franchise fees and taxes continued to move steadily ahead of last year's record level through March, Secretary of State Charles F. Carpenter said today.

For the first three months, the total was \$421,941.57, an increase of \$102,564.96 over the amount collected at the same time last year, Mr. Carpenter said.

Organization of new Illinois business corporations is also substantially ahead of last year, with 2,070 having been granted charters in three months, an increase of 465, he said. The 273 out-of-state business groups granted certificates of authority to operate in Illinois matched the number authorized at the same time last year.

In the not-for-profit field, declines were noted in both Illinois and out-of-state organizations. New Illinois groups so far this year totaled 469, a decrease of 42, and there have been no out-of-state units authorized, as against one last year, Secretary of State Carpenter said.

Mr. and Mrs. James Harvey and family arrived home last week from Miami, Fla., after visiting Mrs. Harvey's aunt for a month.

Scene from Senior Play "Curious Savage"

Persons who attend the senior class play, "The Curious Savage," at the Antioch Township High School Friday or Saturday evening will observe this scene in which, standing left to right, Albert Herman, Sue Wolfenbarger and Robert Cain are questioning Joanne Haydon, playing the part of their mother, who has hidden her money at the rest home. (Warren Polley Photo.)

Swimming Pool at Williams Park Takes Shape

Progress of the Swimming pool of the Lions Aqua Center in Williams Park has reached the point, as shown here, where the walls have been poured and the forms are ready for removal. The contractor is rushing the job as rapidly as possible to get the pool ready for use early in June.

Junior Prom Committee Appointed

Serving as the committee arranging for the junior prom at Antioch Township High School are, left to right, seated, Mary Shepard, decorations; Janice Klehl, coronation; Judy Horton, decorations; standing, Jerry Huml, refreshments; Sue Kopach, publicity; Rosa Mena, invitations and programs; and Lynn Bolton, decorations.

Dry Soil Condition Prevails Over State, Farmers Rush Seeding

Dry soil conditions are prevailing over large areas of Illinois as the 1956 growing season opens, according to the first crop bulletin of the year issued by the state and federal departments of agriculture. The moisture shortage is most marked in the northern one-half of the state.

Dry weather has enabled farmers to make rapid progress with spring field work. Oats seeding for the state as a whole is about 90 per cent completed, as compared with only 40 per cent at this date a year ago,

and the average of around 30 per cent over a term of years. About 45 per cent of plowing for corn and soybeans has been done.

The winter wheat crop came through the winter in excellent condition, with very little heaving and winter-killing.

Contrasting sharply with conditions last year, apple and peach orchards show promise of good yields.

A Cleveland judge, who was probably getting tired of the trite excuses he received from lawbreakers, heard a novel story recently. The Chicago Motor Club reports a defendant, who was arrested for stealing a car, offered this gem of an excuse: "I got tired of waiting for the bus."

Local Viewers Will See Live Color Telecasts

Antioch residents will be able to view some seven hours a day in color television when station WNBQ, channel 5 in Chicago, converts to all-color local programming April 15. WNBQ will become the world's first all-color local station on that date.

Jules Herbuveaux, general manager of the NBC station in Chicago, said color conversion will mean that about five hours of local live studio show will be presented in color daily, and NBC network color shows will add another two hours or so.

Herbuveaux pointed out the change to color will not affect the quality of WNBQ's telecast signal for black-and-white reception.

"Because we use the RCA compatible color system, we will still be able to present a strong, clear picture to cities like Antioch, which are outside the immediate Chicago area," Herbuveaux said. "Any viewer who now receives a good, clear black-and-white picture will also receive a clear color picture."

WNBQ is now in the final stages of a \$1,250,000 reconversion program to completely replace its black-and-white telecasting equipment. After April 15 all local programs, including newscasts and commercials, will be presented in color. A newly-constructed NBC-RCA Exhibition hall will permit visitors to watch live performances as they telecast in color.

Special Company of Gobs Will Be Sent to San Diego April 24

On April 24, the Navy Recruiting service will send a special company of 60 men to the United States Naval Training Center in San Diego, Calif., to be trained as a unit during their nine weeks of "boot training." Chief Long of the recruiting station in Waukegan announced today that sixty men who apply for enlistment in the United States navy, and who desire to "see the west" can become members of the special company to depart from Chicago on the 24th of April. Inasmuch as this company will be comprised of men from the midwest states of Illinois, Iowa, Wisconsin, Indiana, and Michigan Chief Long suggests that all young men who desire to take advantage of this opportunity, make their applications early.

Men who are high school graduates can take advantage of the high school graduate program and be guaranteed the opportunity to attend a navy service school upon completion of recruit training, Chief Long continued.

For complete information on how to become a member of the special "San Diego" company, Chief Long

Secy. of State Cars Now 100% Equipped With Safety Belts

April 2—All automobiles operating out of his office are now equipped with safety seat belts, Secretary of State Charles F. Carpenter said today.

The belts are made to withstand a pull of 3,600 pounds, and are easy to fasten and release. The decision to install the belts followed a careful study of a number of surveys on the benefits of these safety devices.

Studies and tests of safety seat belts have proven that they are of immeasurable value in reducing the number of injuries and in saving lives of those involved in auto accidents, Secretary Carpenter said.

Sen. Homer Capehart (R., Ind.) defines politics as the great game in which they stick a knife in your back and then charge you with carrying concealed weapons.

invites all interested young men to visit him at the local navy recruiting station located in the Federal Office Building, 325 Washington St., in Waukegan. The telephone is Delta 6-8440.

Lake Villa

Mrs. Fred Bartlett, Correspondent
Tel. Elliot 6-4454

Cedar Lake Camp 460 of Royal Neighbors will not have a meeting April 10, due to the election. The next camp night will be April 24th, at 8 a. m. at the Village hall.

Mrs. Cecile Blumenschein entertained the Canasta club at her home last Tuesday evening.

Sheridan Burnett of Antioch visited his daughter Mrs. Jake Fish, on Wednesday.

Due to illness Mrs. Cora Hamlin is unable to continue writing the Lake Villa news items in this paper. The work will be taken over by Mrs. Fred Bartlett, Grand ave. Any one having any items of interest or news to be put in, please contact her at her home, or call El. 6-4454.

A number of Girl Scouts and Brownies from Lake Villa attended the Scout Activities at Long Lake Saturday.

The Lake Villa Memorial Post and Auxiliary will have a joint in-

stallation at the Lake Villa Grade School at 8 p. m. April 28.

Lake Villa V. F. W. Auxiliary Holds Monthly Meeting
The regular meeting of the V. F. W. Auxiliary was held Monday night at the Fire Station Recreation Hall. Officers and the various chairmen were appointed at the time for the coming year: flag bearer, Mrs. Irvin Barnstable, Sr.; banner bearer, Mrs. Norman James; color team, Mrs. Howard Schneider, Mrs. Frederick Popp, Mrs. Walter Schneider, Jr., and Genevieve Petersen; patriotic instructor, Mrs. Eva Gaylord; historian, Mrs. Florence Petersen; and musician, Mrs. John Schueler;

Membership chairman, Mrs. Anthony Coia; rehabilitation, Mrs. Gordon Blumenschein; poppy chairman, Mrs. Edward Langbein; hospital, Mrs. George May; gold star mother, Mrs. Clarence Blumenschein; ways and means, Mrs. Frederick Popp; press and radio, Mrs. Robert Fink; national home, Mrs. Grace Evans; community service, Mrs. Elmer Sheehan; and child welfare, Mrs. Lester Hamlin.

The auxiliary is purchasing needed equipment for the Lake Villa

Brownie troop 1 and also send a donation to the American Red Cross. At the close of the meeting a silent auction was held and enjoyed by all. Hostesses for the evening were Mrs. Edward Langbein, Mrs. John Effinger and Mrs. Charles Kempf.

On April 28 at 8 p. m., a joint installation of officers of the V. F. W. Post and Auxiliary will be held in the Lake Villa Grade School gymnasium. Mrs. Mary Hay, Fifth District president will be the installing officer.

WHO PAYS?

"GIMMICKS, GIVE AWAYS, FREE TRIPS, NOTHING DOWN AND PROMISES TO BEAT ANY DEAL," WE ASK YOU WHO PAYS FOR THEM?

Buying a car is a serious investment . . . be sure you aren't tricked into a deal which is false economy. True, one of the joys of earning a living is spending the fruits of your labor where and when you please. For the most part there are no strings attached to the income at your disposal. Only common sense governs expenditures.

It's truly unfortunate, but soon people from Antioch will have fallen prey to the "city boys'" glib offers of gigantic savings, longer than healthy terms, and other gimmicks. In the final showdown most have learned to their dismay that they actually LOST MONEY on their "tremendous" deal.

DON'T BE MISLED — every auto dealer must pay the manufacturer the same price for each unit he sells and each dealer must take a profit to stay in business . . . someone has to pay for the gimmicks and the high cost of advertising those "tremendous" deals . . . through the sub-standard products and service that must go hand in hand with such tactics . . . IS IT YOU?

Your Antioch dealers are in business today — and will be in the years ahead — because, they offer the best automotive quality available and stand solidly behind the cars they sell. The competition between us is keen — but CLEAN!

If one can't sell you we hope the other can because we all know that it's good for you and for our community.

Your Antioch Automobile Dealers have a BIG investment in their shops, equipment, tools and parts to be used for your constant and efficient service.

The taxes they pay — on business and home — play a very important part in keeping your taxes equitable.

The speed of the modern ELECTRIC ranges!

today—nothing cooks faster!

Built-in Rotisserie. With Hot-point's Rota-Grill you'll turn out roasts, fowl, seafood that's crackling-brown outside, moist and tender inside. Skewer turns automatically.

Probably no electrical appliance made has undergone more rapid or more remarkable advances than today's electric range.

Newly designed and improved surface units have moved from the laboratory to the kitchen as quickly as they were proven. And engineers have found better ways to transform electrical energy into high heat—swiftly, economically, and with a greater degree of cooking control.

But the speed of modern electric ranges is only one of the reasons you'll like cooking electrically. It will keep your kitchen an average of 10 degrees cooler (even when the oven's on for hours). And, there just isn't any cleaner way to cook.

The new electric ranges come in a rainbow assortment of colors as well as white. They offer many "new idea" features like—built-in ovens, rotisseries, deep-well cookers . . . even

automatically controlled surface units. So if you plan to build, buy or remodel your home, find out how little it costs to own a really modern, automatic electric range.

Big Saving—We Pay Part of Your Range Installation Cost!

Need new wiring to install your electric range? We share the cost with qualified home owners in 1, 2 and 3-family dwellings. This can cut your expense by about half.

And you get more than a money saving!

The modern wiring that goes with your installation helps improve your TV picture, brightens lights, makes everything electrical work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply. The Share-the-Cost Plan is available on terms of up to 2 years.

See your electric appliance dealer

Avoid Starting Fears in Children

Parents are wonderful people. So eager are they to do right by their child they surround him with gifts, delight in his glee, and silently promise to give their offspring everything possible during the course of his growth. Yet these same parents use the threat of the "bogeyman" every time the child needs punishment, the Educational Committee of the Illinois State Medical Society cautions in Health Talk.

Unfortunately the "bogeyman" doesn't stay in the abstract form we know him to be. He takes the shape of the policeman, the dentist, the physician and the nurse.

Parents should realize how wrong this is. Some day, Johnnie may be lost. How can he go to the policeman if he has been taught to be frightened of him? How much better to have the child look on the man in the blue uniform as a friend that will safely return him to his mother and father?

Now the trip to the dentist! The child is restless and pokes about. And what does mother say? "You be good or the dentist will put you in the chair and pull out all of your teeth." This is a fine beginning for the youngster who needs dental attention. Once he gets in the chair he will be frightened and upset. Thus another emotional fear is established. And the parent is at fault!

In the office of the physician, the child, who has been taught that if he isn't good, the lady in white will spank him. As soon as the nurse appears, the crying starts. As mother and child enter the physician's examining room, the frightened wailing increases because he's been told if he doesn't behave "that man" or

woman, as the case may be, will "get" him.

Fear, that unpleasant threat of childhood, has been established. And, strangely enough, by no other person than the parent. The same parent will innocently deny having done a thing to encourage such emotional instability in the child, when it develops to a more obvious stage a few years later.

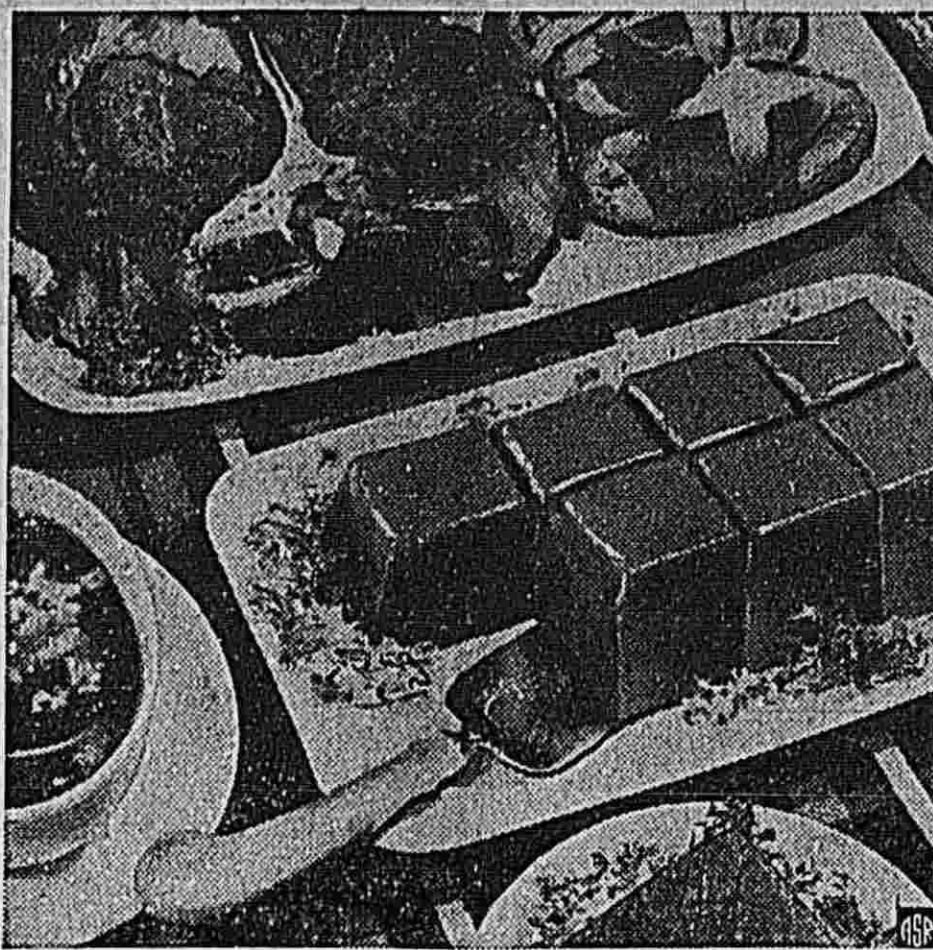

Wise is the parent who will refrain from discussing some personal hurt by the dentist or physician in front of her children. To tell her husband at dinner that the doctor nearly killed me today is one means of establishing another fear. Children are a strange little people that live in their own worlds. Their thoughts of fantasy are largely engendered by the comments of that grown-up world in which their parents live.

Environmentally and socially youngsters have great trust. Through experience, they realize their protection comes from their parents. Their physical and emotional protection includes adequate nutrition, comfortable living quarters, love and attention.

It is the protection that comes from prevention or cure of illness which is afforded by the physician, the protection that stems from preventing or repairing tooth decay that comes from the dentist, and the protection that comes from the policeman that provides confidence not only the tiny tot, but in the parents. All these are essential to the normal emotional development of your child.

Remember in children threats bring tears and tantrums. Children should be punished. Take away a toy or a privilege, but don't contribute to your own child's instability and fear by threatening him with the policeman, physician, dentist or nurse.

Tangy Tomato Aspic Liked By Men

Jellied salads liked by men are those with the natural flavors of foods predominating. Tomato aspic continues among the masculine favorites because of its clear and direct tomato tang. This salad is a natural too with such menu leaders as steak and potatoes. See recipe below.

Tomato aspic rates as a classic of gel-cookery, and the simple formula only calls for combining tomato juice, unflavored gelatin and seasonings. The plain gelatin, softened in cold juice and then thoroughly dissolved in hot tomato juice, introduces no flavor of its own. Its magic property is to gel the tomato juice at refrigerator temperature. Then at taste-time, each bite is firmly cool yet melting to create a very special appetite appeal.

To unmold, quickly dip the salad mold to its depth in hot water; loosen around edge of container with tip of knife; hold serving plate over mold; invert, and salad will slip onto the plate.

Quick Tomato Aspic

2 envelopes unflavored gelatin 1/4 teaspoon onion salt
3 1/2 cups cold tomato juice 1/4 teaspoon sugar
1/2 teaspoon salt 1/4 teaspoon Tabasco
1/2 teaspoon celery salt 2 tablespoons lemon juice

Soften gelatin in 1 cup of the cold tomato juice. Place over boiling water; stir until gelatin is dissolved. Add to remaining 2 1/2 cups tomato juice; stir in remaining ingredients. Pour into a 4-cup loaf pan; chill until firm. Unmold on platter; garnish with salad greens. To serve, cut into 8 portions. Serve with Roquefort cheese dressing.

A JUMP AHEAD

Ever have your heating oil tank run dry—right when heat is needed most? Our "degree day" system plots the weather...and tells when unusual cold spells are working your burner overtime. We always stay a jump ahead of the weatherman—use the *Keep-Filled* delivery plan to make sure you will never run out of Shell Furnace Oil.

Fish—With a French Accent

Fish is a hearty and satisfying staple the world over. But the celebrated French talent for cooking makes their fish something special, indeed.

Here is a famous French recipe for fish—with an exotic flavor that will "wake up" the jaded appetites of every member of your family. They'll say "yum yum"—instead of the usual "ho hum"—when facing another fish meal.

Use the new Frionor Club Fillets now on the market. This new method of packaging Club Fillets in uniform portions simplifies handling, as well as serving. The portions won't crumble or break. There's no waste... no defrosting. A 12-ounce package makes 3 to 4 servings.

FILLET AMANDINE

1 package Frionor Club Fillets
1/2 teaspoonful pepper
2 tablespoons flour
1/2 cup butter (two 1/2 cup portions)

1/2 cup sliced blanched almonds
1 tablespoon minced parsley
2 tablespoons white wine or vermouth
lemon slices

Mix the salt, pepper and flour thoroughly. Dip the Club Fillets on all sides into it. In a 9-inch frying pan saute the fillets in 1/2 cup butter—about 5 minutes on each side. Add the wine or vermouth and cook 2 minutes longer. Saute the almonds in 1/2 cup butter until brown; stir in the parsley. Place fillets on a serving dish and pour almond sauce over them. Serve each fillet topped with a thin slice of lemon.

Friday

All Government Now Costs People Near \$100 Billion

NEW YORK—The cost to the people of Government in the United States—Federal, State and local combined—is heading for the \$100 billion a year mark, and seems certain to reach it in 1956 for the first time.

Figures compiled by the U.S. Department of Commerce show that aggregate receipts at all levels of Government crossed the \$97 billion level in 1955 to hit a new high. This figure was the equivalent of more than 30 cents of every dollar of the record national income for the year, and represented about \$600 for every man, woman and child in the population. All the indications are that the trend is still upward, not only in the Government's "take" out of the economy but in expenditures as well.

This development tempers the satisfaction that would otherwise be felt in the fact that the Administration has projected a balanced Federal budget for the current year and the following one, according to the budget message to Congress. In view of the world situation and the heavy burden of defense, a balanced budget would be an achievement of fundamental importance to the economy. However, it still leaves unsolved the problem of the high cost of Government in this country and the twin needs of tax and debt reduction.

A balanced budget has been the Administration's objective since it took office three years ago, and its achievement has been accompanied by an economy drive that cut \$10 billions from Federal expenditures since the 1953 fiscal year.

Computers Can Make Decisions

LOS ANGELES—Electronic computers can store and "make" many of the routine business decisions now handled by so-called middle management.

This is the conclusion of Paul Kircher and George Kozmetsky in a new book, "Electronic Computers and Management Control," published by McGraw Hill.

Kircher is associate professor of accounting at U.C.L.A. Kozmetsky is director of the Computers and Controls Division of Litton Industries.

In the first non-technical book describing both electronics computers and operations research, the authors explain why these new developments are so important for all types of businesses, both large and small.

They describe dozens of actual applications, including mistakes made in early computer installations and what has been learned from them.

Money in Circulation Levels at \$31 Million

NEW YORK—The amount of currency in circulation seems to have stabilized around the \$30-31 billion level since 1952 after its rapid rise from 1939. Factors in this connection are the comparative steadiness of the cost of living in the last few years, reflecting some ebbing of inflationary concern, and the growing popularity of savings and other thrift institutions as a safer and more productive haven for cash than the "sock."

At the end of last November, there was a total of \$31 billions of U.S. currency in circulation, according to the Federal Reserve System, equivalent to around 8 per cent of gross national product for the year. The equivalent ratio in 1950 was just under 10 per cent and during World War II it was as high as 14 per cent. The current relationship between currency in circulation and gross national product is about the same as it was in 1939.

Gecko Lizard Skins Way Out of Danger

WASHINGTON—There is an animal that can get out of its own skin.

It is a little brown lizard, a gecko, which lives in native houses on the Palau Islands. This creature, about 6 inches long, is closely related to house geckos, which are found as far north as Florida, in the American tropics, and throughout the tropical Pacific Islands.

The Palau species is almost impossible to capture by hand. Grabbed by the tail, it immediately sheds its tail. This is a rather common practice with certain lizards and apparently brings little inconvenience.

Big Family

LONDON, England—A 48-year-old woman, the mother of 15 children, was recently jailed for three months on charges of stealing a cardigan sweater, five underalls, 38 pairs of nylon stockings, six pairs of men's socks, five pairs of boys' socks, six pairs of jeans and two skirts.

OUT ON A LIMB

By Stumpy McCulloch

Seems a friend was debating about the practicality of sending his daughter to college. "She'll learn history, dancing, one or two languages and..."

"Languages?" his friend said. "Then don't send her."

"Why not?" asked my friend. "One language is enough for any woman."

One morning I was watching myself shaving and I got to thinking about whether I should cut all the whiskers off or leave some on—maybe a moustache. Sort of selective cuttin' versus clear cuttin'.

Real good stands of timber come out after selective cutting. All the matured older trees make way for the young shoots, which are the crops for years to come. Partial cutting seems to open up the forest to make room for light and new timber. Most trees need plenty of light. Whiskers? That's a different story.

Just happened to think the other day—nowadays everything in the home is controlled by a switch but the children.

And some kids are apt to exaggerate a bit and whoop it up more than is natural. Some parents feel that juvenile delinquency began to rise the day the woodshed was replaced by the garage.

Jerry Langford, who buzzes around Michigan with those saws named after me, is one fellow who feels that tellin' whoppers is o.k. "In fact it's downright necessary," Jerry says. Kids who never tell the truth end up working for the Weather Bureau, he claims.

The four and six wheel trucks most of us use in the woods can travel over a fairly rough road without much trouble. And they can go up a 10 or 15 per cent grade without faltering. But on tight corners, a truck can be troublesome. Seems to me, a curve should have a radius of not less than 80 feet. Don't you agree?

Read just the other day that more than 183 million acres in the South are covered by commercial forests—or more than ten times the acreage covered by cotton!

By the way, did you hear about the city feller who started rollin' his own cigarettes, just because his doctor told him he needed more exercise?

WHAT DO YOU MEAN, "JUST FACE LIFTING"?

EVERY NOW AND THEN, we run across someone who seems to think that 1956 cars do not offer anything really new—just a little face lifting from the year before.

We won't try to speak for the automobile industry. But we certainly can speak for Buick.

And let us announce in no uncertain terms—it's the newest thing on wheels.

The Styling Is New

Sure, it looks like a Buick. But it has a new V-prowed grille that says 1956 and no mistake. The hood's new—the fender ports are new—the sweepspear is new—and it all adds up to a new sweep-ahead look that ends in a sassy new slant to the rear contours. But that, friends, is only the beginning.

The 1956 Dynaflo* is New

It introduces what the engineers call "double regeneration"—which means a

double-action take-off: It gives you new, split-second response in the first inch of pedal travel—plus the "switch the pitch" at full acceleration, which no one else has yet approached.

The Ride Is New

To coil springs on all four wheels, a brawny X-braced frame, and torque-tube drive, the engineers have added deep-oil shock absorbers to give new softness, new buoyancy, new comfort, and a brand-new "sense of direction" handling response.

The Power Is New

All 1956 Buicks have new and mighty 322-cubic-inch V8's—with record highs in power and compression—with unique new double "Y" manifold to step up efficiency

—with new carburetor "deicing"—and a host of other new features to make owning a Buick pure pleasure.

The Thrill Is New

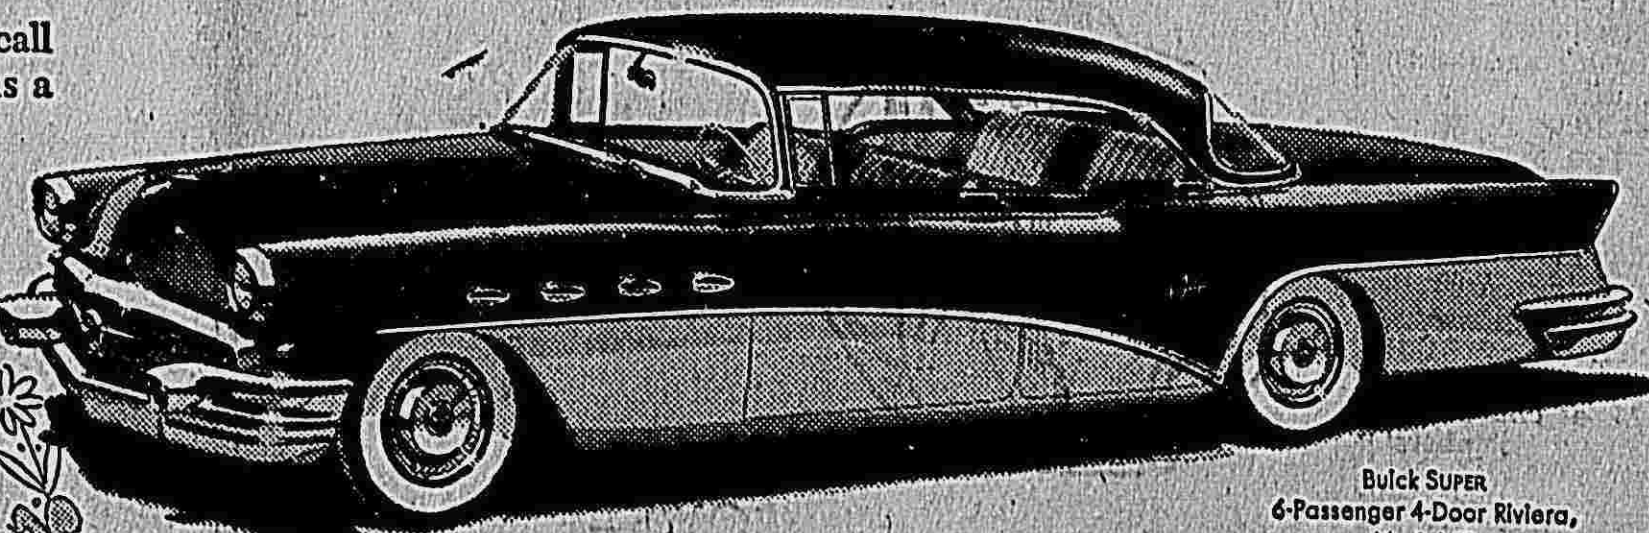

And the surest way for you to find out how right we are, is to sample a 1956 Buick yourself.

As we said before, this is the best Buick yet—by a wide measure—and when you learn the prices we're quoting, you'll know why this Buick is one of the three best sellers in today's market.

It takes a lot more than face lifting to produce such a winner as this.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

AN ORDINANCE RELATING TO TRAFFIC

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, LAKE COUNTY, ILLINOIS:

ARTICLE I. DEFINITIONS AND GENERAL PROVISIONS

1. DEFINITIONS. Whenever in this ordinance the following terms are used, they shall have the meanings respectively ascribed to them in this section.

ALLEY: A highway of less than 24 feet total width used primarily for delivery service.

BUSINESS DISTRICT: The closely built up business portion of the village.

CROSSWALK: That portion of the roadway included within the prolongation of the sidewalk lines at street intersections.

DRIVER: Any person who is in actual physical control of a vehicle.

EMERGENCY VEHICLE: Vehicles of the police, fire or Rescue Squad department; ambulances; any vehicle conveying a village official or employee in response to an emergency official call.

PARK: To stand a vehicle, whether occupied or not, for a period of time greater than is reasonably necessary for the actual loading or unloading of persons.

ROADWAY: That portion of a street designed or ordinarily used for vehicular traffic.

SAFETY ZONE: That portion of a roadway reserved for the exclusive use of pedestrians, suitably marked or elevated.

SIDEWALK: That portion of a street between the curb line or roadway and the adjacent property line designated for pedestrian use.

VEHICLE: Every device in, upon or by which any person or property is or may be transported or drawn upon a highway, including bicycles but not including perambulators or toy vehicles.

2. CLASSIFICATION OF VEHICLES. For the purpose of this ordinance, motor vehicles shall be divided into two divisions, to-wit: First, vehicles which are designed for the carrying of not more than seven persons; second, those vehicles which are designed and used for pulling or carrying freight and also vehicles designed and used for carrying more than seven persons.

3. OBEDIENCE TO POLICE. Members of the police department are hereby authorized to direct all traffic in accordance with the provisions of this ordinance, or in emergencies as public safety or convenience may require, and it shall be unlawful for any person to fail or refuse to comply with any lawful order, signal or direction of a policeman. Except in case of emergency, it shall be unlawful for any person not authorized by the Chief of Police to direct or attempt to direct traffic.

4. SCENE OF FIRE: The fire department officer in command, or any fireman designated by him, may exercise the powers and authority of a policeman in directing traffic at the scene of any fire or where the fire department has responded to any emergency call for so long as fire department equipment is on the scene, in the absence of or in assisting the police.

5. SIGNS AND SIGNALS. It shall be unlawful for the driver of any vehicle to disobey the instructions of any traffic sign or signal placed in view by authority of the president and board of trustees or in accordance with the laws of the State of Illinois.

6. LIGHT SIGNALS. Whenever traffic at an intersection is regulated by the type of signal commonly known as a stop and go signal, the following colors shall indicate the following commands:

Red requires that traffic faced by this color shall stop and remain standing.

Green requires that traffic faced by the color shall move and continue in motion, except when stopped for the purposes of avoiding an accident or when stopped at the command of a policeman.

Amber or yellow indicates preparation for a change in direction of traffic movement.

When a red lens is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the intersection.

When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed into the intersection only with extra caution.

7. UNAUTHORIZED SIGNS — INTERFERENCE WITH SIGNS. It shall be unlawful for any person to place, maintain or display any device, other than an official warning or direction sign or signal authorized by statute or ordinance, upon or in view of any street, if such device purports to be, or is in imitation of, an official warning or direction sign or signal, or directs or purports to direct the movement of traffic. Any such unauthorized sign or device is hereby declared to be a nuisance, and may be removed by any policeman.

It shall be unlawful for any person to deface, injure, move or interfere with any official traffic sign or signal.

8. ANIMALS OR BICYCLES. Every person riding a bicycle or an animal, or driving any animal drawing a vehicle upon any street shall be subject to the provisions of this ordinance applicable to the driver of a vehicle, except those provisions which can have no application to one riding a bicycle or driving or riding an animal. Provided that, except in business districts, bicycles may be ridden on sidewalks.

9. EXEMPTIONS. The provisions of this ordinance regulating the movement or parking of vehicles shall not apply to emergency vehicles while the driver thereof is engaged in the performance of emergency duties. Nor shall such provisions apply to persons actually engaged in repairing or otherwise improving the streets under authority of the village board or of the State of Illinois.

ARTICLE II. RULES FOR DRIVING

10. REQUIRED POSITION AND METHOD OF TURNING AT INTERSECTIONS. The driver of a vehicle intending to turn at an intersection shall do so as follows:

(a) Both the approach for a right turn and a right turn shall be made as close as practical to the right-hand curb or edge of the roadway.

(b) At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.

The driver of a vehicle about to enter or cross a highway from a private road or driveway shall yield the right-of-way to all vehicles approaching on said highway.

11. TURNING ON CREST OF HILL. No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to, or near the crest of a grade, where such vehicles cannot be seen by the driver of any other vehicle approaching from either direction within 500 feet.

12. STOPPING PARKED VEHICLE. No person shall start a vehicle which is stopped, standing, or parked unless and until such movement can be made with reasonable safety.

13. DRIVER'S SIGNAL. No driver of a vehicle shall suddenly start, slow down, stop or attempt to turn without first giving a suitable signal in such a manner as to apprise others who might be affected by his action.

(a) No person shall turn a vehicle from a direct course upon a highway unless and until such movement can be made with reasonable safety and then only after giving a clearly audible signal by sounding the horn if any pedestrian may be affected by such movement or after giving an appropriate signal in the manner hereinafter provided in the event any other vehicle may be affected by such movement.

(b) A signal of intention to turn right or left shall be given during not less than the last 100 feet traveled by the vehicle before turning.

The signals herein required shall be given either by means of the hand and arm or by a signal lamp or signal device, but when a vehicle is so constructed or loaded that a hand and arm signal would not be visible both to the front and rear of such vehicle then said signals must be given by such a lamp or device.

All signals herein required given by hand and arm shall be given from the left side of the vehicle in the following manner and such signals shall indicate as follows:

1. Left turn—Hand and arm extended horizontally.

2. Right turn—Hand and arm extended upward or moved with a sweeping motion from the rear to the front.

3. Stop or decrease of speed—Hand and arm extended downward.

14. DRIVING FROM ALLEYS, DRIVEWAYS OR GARAGES. The driver of a vehicle emerging from an alley, driveway or garage, shall stop such vehicle immediately prior to driving onto a sidewalk, or across a sidewalk line projected across such alley, sound the horn of said vehicle, and shall exercise unusual care in driving upon said sidewalk or across such line.

15. VEHICLES NOT TO BE DRIVEN ON SIDEWALKS OR IN SAFETY ZONES. No driver of a vehicle shall drive within any sidewalk area, except at a permanent or temporary driveway, nor at any time into or upon any portion of a roadway marked as a safety zone.

16. RIGHT OF WAY. Except as hereinafter provided motor vehicles traveling upon public highways shall give the right-of-way to vehicles approaching along intersecting highways from the right and shall have the right-of-way over those approaching from the left.

17. VEHICLES TURNING LEFT. The driver of a vehicle within an intersection intending to turn to the left shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard, but said driver, having so yielded and having given a signal when and as required by this Act, may make such left turn and the drivers of all other vehicles approaching the intersection from said opposite direction shall yield the right-of-way to the vehicle making the left turn.

18. "U" TURNS. It shall be unlawful for the operator of any vehicle to make a "U" turn at any place not authorized by the Village Board and appropriately designated by a sign or signs.

19. FOLLOWING FIRE OR RESCUE SQUAD APPARATUS. Upon the sounding of gongs or warning devices used upon fire apparatus, fire patrol or rescue squad vehicles, drivers shall draw their vehicles as near to the right curb as is reasonably possible and shall remain standing until such fire or Rescue Squad apparatus has passed. It shall be unlawful for the driver of any vehicle, other than one on official business, to follow any fire or Rescue Squad apparatus in response to an alarm, closer than one block, or to park

any vehicle within the block where fire or Rescue Squad apparatus has stopped to answer an alarm.

It shall be further unlawful for the driver of any vehicle to drive over any unprotected hose of the fire department without the consent of the fire chief or the assistant in command.

20. DRIVING ON RIGHT SIDE OF ROADWAY. Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

1. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

2. When the right half of a roadway is closed to traffic while under construction or repair;

3. Whenever there is a single track paved road on one side of the public highway and two vehicles meet thereon, the driver on whose right is the wider shoulder shall give the right-of-way on such pavement to the other vehicle.

21. OVERTAKING VEHICLES. The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction subject to those limitations, exceptions, and special rules hereinafter stated:

(a) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(b) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

22. OPERATION OF VEHICLES ON APPROACH OF AUTHORIZED EMERGENCY VEHICLES.

(a) Upon the immediate approach of an authorized emergency vehicle, when the driver is giving audible signal by siren, exhaust whistle, or bell, the driver of every other vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible to, the right-hand edge or curb of the highway clear of any intersection and shall stop and remain in such position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer.

(b) This section shall not operate to relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway.

23. RECKLESS DRIVING. It shall be unlawful to operate any vehicle in the municipality in a reckless or wanton manner, or so as to unnecessarily endanger life or property.

24. SPEED RESTRICTIONS.

(a) No person shall drive any vehicle upon any public highway at a speed greater than is reasonable and proper having regard to the traffic and the use of the way or so as to endanger the life or limb or injure the property of any person. If the rate of speed of any motor vehicle through the business district of the village exceeds twenty (20) miles per hour, or if the rate of speed of any such motor vehicle while operating upon any public highway where the same passes through the residential district of the village exceeds twenty-five (25) miles an hour, or if the rate of speed exceeds thirty-five (35) miles per hour in a suburban district, such rates of speed shall be prima facie evidence that the person operating such motor vehicle is running at a rate of speed greater than is reasonable and proper having due regard to the traffic and the use of the way or so as to endanger the life or limb or injure the property of any person.

(b) The fact that the speed of a vehicle is lower than the foregoing prima facie limits shall not relieve the driver from the duty to decrease speed when approaching and crossing an intersection, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, or when special hazards exist with respect to pedestrians or other traffic or by reason of weather or highway conditions, and speed shall be decreased as may be necessary to avoid colliding with any person or vehicle, or on entering the highway in compliance with legal requirements and the duty of all persons to use due care.

25. TRAFFIC NOT TO BE OBSTRUCTED. No vehicle shall be operated or allowed to remain upon any street in such a manner as to form an obstruction to the traffic thereon.

26. BICYCLES AND MOTORCYCLES. It shall be unlawful for more than one person to ride upon any bicycle propelled by human power upon any street, or for any person to ride upon any motorcycle other than upon a seat attached to said vehicle.

27. UNATTENDED VEHICLES. No vehicle shall be left unattended while the motor of such vehicle is running; and no vehicle shall be left without a driver on any hill or incline unless the vehicle is secured against moving.

28. CLINGING TO VEHICLES. It shall be unlawful for any person on any street riding a bicycle, motorcycle or any toy vehicle, to cling to or attach himself or his vehicle to any moving motor vehicle or wagon.

29. TOY VEHICLES. It shall be unlawful for any person upon skates, a coaster, sled or other toy vehicle, to go upon any roadway other than at a crosswalk.

30. RIDING ON RUNNING BOARDS. It shall be unlawful for any person to ride upon the fenders, running board or outside step of any vehicle.

31. SCHOOL ZONE. No person shall drive a vehicle more than twenty-five (25) miles per hour in any school zone between the hours of 8:00 o'clock A. M. and 4 o'clock P. M. while school is in session, provided the same shall be posted.

32. TRAIN SIGNALS. The driver of a vehicle approaching a railroad grade crossing when a signal device gives warning of the immediate approach of a train, shall stop within fifty feet but not less than ten feet from the nearest track of such railroad and shall not proceed until he can do so safely.

The driver of a vehicle shall stop and remain standing and not traverse such grade crossing when a crossing gate is lowered or when a flagman gives a signal of the approach of a train.

The driver of any motor vehicle carrying passengers for hire, or any school bus or of any vehicle carrying explosives or flammable liquid as cargo, shall stop such vehicle within fifty feet but not less than ten feet from the tracks and shall listen and look in both directions from which a train might come, before proceeding across such tracks at a grade crossing. Provided that the provisions of this paragraph shall not apply when traffic at the crossing is directed by an officer or stop and go light.

33. DRIVING THROUGH FUNERAL OR OTHER PROCESSION. No driver of a vehicle shall drive between the vehicles comprising a funeral or other authorized procession while they are in motion and when they are in motion and when such vehicles are conspicuously designated as required in this ordinance. This provision shall not apply at intersections where traffic is controlled by traffic-control signals or police officers.

34. DRIVERS IN A PROCESSION. Each driver in a funeral or other procession shall drive as near to the right-hand edge of the roadway as practical and shall follow the vehicle ahead as close as is practical and safe.

35. FUNERAL PROCESSIONS TO BE IDENTIFIED. A funeral composed of a procession of vehicles shall be identified as such by the display upon the outside of each vehicle of a pennant or other identifying insignia and by having the lights of each vehicle lighted.

36. BACKING. The driver of a vehicle shall not back the same unless such movement can be made with reasonable safety and without interfering with other traffic.

37. RESTRICTED ACCESS. No person shall drive a vehicle onto or from any limited-access roadway except at such entrances and exits as are established by public authority.

ARTICLE III. PEDESTRIANS.

38. RIGHT OF WAY. It shall be unlawful for the driver of any vehicle to drive into any crosswalk without the exercise of due and proper care in view of the special use made thereof by pedestrians.

It shall be unlawful to drive any vehicle into any crosswalk while there is in such crosswalk upon the half of the roadway upon which such vehicle is traveling any pedestrian engaged in crossing the roadway until such pedestrian shall have passed beyond the path of such vehicle, when the pedestrian shall indicate his intention to cross. The driver of a vehicle shall stop before entering any crosswalk when any other vehicle proceeding in the same direction is stopped at such crosswalk for the purpose of permitting a pedestrian to cross.

39. PEDESTRIANS USING ROADWAY. At no place shall a pedestrian cross any roadway other than by the most direct route to the opposite curb, and when crossing at any place other than a crosswalk he shall yield the right-of-way to all vehicles upon the roadway.

No person shall stand or loiter in any roadway other than in a safety zone, if such act interferes with the lawful movement of traffic.

It shall be unlawful for any person to stand in a roadway for the purpose of soliciting a ride from the driver of any vehicle.

40. SIGNALS. At intersections where traffic is directed by a policeman or by a stop and go signal, it shall be unlawful for any pedestrian to cross the roadway other than with released traffic.

41. STANDING ON SIDEWALK. It shall be unlawful for a pedestrian to stand upon any sidewalk except as near as reasonably possible to the building line or curb, if such standing interferes with the use of said sidewalk by other pedestrians.

ARTICLE IV. PARKING RULES.

42. NO PARKING RULES. It shall be unlawful to permit any vehicle at any time to stand in any of the following places, except when necessary to avoid conflict with other traffic or in compliance with the directions of a policeman or traffic signal:

1. In any intersection;

2. In a crosswalk;

3. Upon any bridge or the approach thereto;

4. Between a safety zone and the adjacent curb or within twenty feet of a point on the curb immediately opposite the end of a safety zone;

5. Within thirty feet of a traffic signal or a through street sign on the approaching side;

6. Within twenty feet of any intersection;

7. At any place where the standing of a vehicle will reduce the usable width of the roadway for moving traffic to less than eighteen feet;

8. At any curb within fifteen feet of a fire hydrant;

9. At any place where the vehicle would block the use of a driveway;

10. Within fifty feet of the nearest rail of a railroad grade crossing;

11. Within twenty feet of the driveway entrance to any fire department or Rescue Squad station and on the side of the street opposite the entrance to any such station within seventy-five feet of such entrance;

12. On any sidewalk or parkway;

13. At any place where official signs prohibit parking.

43. PARKING AT CURB. No vehicle shall be parked with the left side of such vehicle next to the curb, and it shall be unlawful to stand or park any vehicle in a street other than parallel with the curb and with the two right wheels of the vehicle within 12 inches of the regularly established curb line, except that upon those streets which have been marked for angle parking, in which case vehicles shall be parked at the curb at the angle indicated by such marks.

44. VEHICLES FOR SALE. It shall be unlawful to park any vehicle upon any street for the purpose of displaying it for sale, or to park any vehicle upon any business street from which vehicle merchandise is peddled.

45. LOADING ZONE. During the times specified herein, it shall be unlawful for the driver of a vehicle to stand a passenger vehicle for a period of time longer than is necessary for the loading or unloading of passengers, not to exceed three minutes, and for the driver to stand any freight carry vehicle for a period of time longer than is necessary to load, unload and deliver materials, not to exceed thirty minutes, in any of the following places:

1. In any public alley, during any hour of the day or night.

2. At any place not to exceed seventy-five feet along the curb before the entrance to a public building between eight o'clock A. M. and six o'clock P. M., except on Sunday.

3. Directly in front of the entrance of any theater at any time the theatre is open for business.

46. ALL NIGHT PARKING. No person shall park a vehicle on any street for a period of time longer than 30 minutes between the hours of (2) A. M. and (5) A. M. of any day, except physicians on emergency calls.

47. ALLEYS. No person shall park a vehicle within an alley in such a manner or under such conditions as to leave available less than 10 feet of the width of the roadway for the free movement of vehicular traffic, and no person shall stop, stand, or park a vehicle within an alley in such position as to block the driveway entrance to any abutting property.

48. CAB STANDS — BUS STANDS. No vehicle other than a licensed taxicab shall be parked in any area designated by ordinance as a cab stand; and no vehicle other than a bus shall be parked in a place so designated as a bus loading zone.

ARTICLE V. PARKING METERS.

49. DEFINITION. Parking meter—mechanical device located upon a public street or sidewalk in a place regularly designated as a parking meter zone hereinafter defined, which device shall record a certain number of minutes by the use of a clock mechanism determining the period of time for which parking privileges may be extended to the person depositing a coin therein.

A parking meter zone—a certain designated and marked section of a public street within marked boundaries where a vehicle may be temporarily parked and allowed to remain.

50. PARKING METER ZONES. Parking meter zones shall be such as may from time to time be established by Ordinance.

51. PARKING RULES. It shall be unlawful to park any vehicle, or to permit a vehicle to remain parked, in any parking meter zone for a period longer than designated on any such meter, between the hours of eight A. M. and six P. M. of any day except Sundays and holidays, and except on Fridays and Saturdays when said period shall be extended to nine P. M.; or to park a vehicle in any such zone without paying the fee hereinafter provided for and in the manner herein designated; or to permit a vehicle to remain parked therein longer than for the period for which the fee was paid on any day except Sundays and holidays.

No person shall park any vehicle in any such parking meter zone for a period longer than two hours in any three hour period on any day.

52. PLACING METERS. Parking meters shall be installed in the parking meter zones as established and provided for by ordinance and shall be placed upon the curb immediately adjacent to the individual parking places hereinafter described. Each parking meter shall be placed or set in such a manner as to show or display by a signal whether or not the parking space adjacent to such meter is legally in use.

53. MARKING PLACES. The chief of police shall have markings painted or placed upon the curb or street adjacent to each parking meter for the purpose of designating the parking space and the angle at which vehicles are to be parked to the curb. Each vehicle parking within any parking meter zone shall park within the line or markings so established. It shall be unlawful to park any vehicle across any such line or marking or to park said vehicle in such position that the same shall not be entirely within the area designated by such lines or markings.

54. PLACING COINS IN METERS. Any person desiring to park any vehicle within such parking meter space shall deposit the proper coins for the time desired as follows:

One cent for each twelve minutes of time desired;

Five cents or one nickel for each hour of time desired.

55. TAMPERING WITH METERS. It shall be unlawful for any person not authorized by the council to deface, injure, tamper with, open or break, or to break, destroy, or impair the usefulness of any parking meter installed under the provisions of this article.

It shall be unlawful to deposit any slug, device or metallic or other substitute for any cent or nickel in any parking meter.

ARTICLE VI. CONDITION OF VEHICLES.

56. CLEAR VISION. It shall be unlawful to operate any vehicle which is so loaded or in such a condition that the operator does not have a clear vision of all parts of the roadway essential to the safe operation of the vehicle. Any vehicle which is constructed shall be equipped with a mirror so attached as to give him a view of the roadway behind him.

57. UNNECESSARY NOISE. It shall be unlawful to operate a vehicle which makes unusually loud or unnecessary noise.

58. HORN. Every motor vehicle shall be equipped with a good and sufficient audible signaling device in efficient working condition. Such signaling device shall be sounded when necessary to give timely warning of the approach of a vehicle, but such horn or other signaling device shall not be sounded for any purpose other than as a warning of impending danger.

No motor vehicle other than an emergency vehicle shall be equipped with a siren or gong signaling device.

59. GAS AND SMOKE. It shall be unlawful to operate any vehicle which emits dense smoke or such an amount of smoke or fumes as to be dangerous to the health of persons or as to endanger the drivers of other vehicles.

60. PROJECTING LOADS—WIDTH AND HEIGHT. The maximum width and height of any vehicle and its load shall not exceed the limits expressed in the State Traffic Law.

No passenger type vehicle shall be operated on the streets with a load extending beyond the line of the fenders on the left side of the vehicle nor extending more than six inches beyond the line of the fenders on the right side thereof.

No vehicle, unladen or with load, shall exceed a length of thirty-five feet extreme over-all dimension.

No combination of vehicles coupled together shall consist of more than two units, and no such combination of vehicles, unladen or with load, shall exceed a total length of forty-five feet, but such length limitation shall not apply to vehicles operated in the daytime when transporting poles, pipes, machinery or other objects which cannot be readily dismembered, nor to such vehicles operated at night time by a public utility when engaged in emergency repair work; but such loads carried at night shall be clearly marked with sufficient lights to show the full dimensions of the load.

No part of the load of a vehicle shall extend more than three feet in front of the extreme front portion of the vehicle.

61. BRAKES. It shall be unlawful to drive any motor vehicle upon any street unless such vehicle is equipped with good and sufficient brakes in good working condition, as required by the State Traffic Law, or to operate any vehicle which is so loaded that the operator does not have ready access to the mechanism operating the brakes of such vehicle.

62. MUFFLER. No motor vehicle shall be operated on any street unless such vehicle is provided with a muffler in efficient actual working condition, and the use of a cut-out is prohibited.

63. LIGHTS. It shall be unlawful to operate or park on any street any vehicle not equipped with adequate lights conforming to the requirements of the State Law.

Any motor vehicle owned or usually operated by a volunteer fireman may be equipped with not to exceed two lamps which shall emit a blue light without glare. One such lamp may be mounted on the front and one may be mounted on the rear of any such vehicle. Except that a flashing blue light may be used only when such fireman is responding to a fire call.

64. NON-SKID DEVICES. It shall be unlawful to operate any motor vehicle upon any street equipped with any non-skid device so constructed that any rigid or non-flexible portion thereof comes into contact with the pavement, or roadway.

65. TIRES. It shall be unlawful to operate on any street any motor vehicle which is not equipped with tires conforming to the requirements of the State Traffic Law.

66. WEIGHT. It shall be unlawful to drive on any street any motor vehicle with a weight, including load, in excess of that permitted by the State Traffic Law for driving on improved highways, or with the weight distributed in a manner not conforming to such law.

67. SPILLING LOADS. No vehicle shall be so loaded that any part of its load spills or drops on any street or alley in the municipality.

68. BICYCLES.

(a) Every bicycle when in use at night time shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least 500 feet to the front and with a red reflector on the rear of a type which shall be visible from all distances from 50 feet to 300 feet to the rear when directly in front of lawful upper beams of headlamps on a motor vehicle. A lamp emitting a red light visible from a distance of 500 feet to the rear may be used in addition to the red reflector.

(Continued on following page)

(Continued from preceding page)

(b) No person shall operate a bicycle that shall not be equipped with a bell or other device capable of giving a signal audible for a distance of at least 100 feet, except that a bicycle shall not be equipped with nor shall any person use upon a bicycle any siren or whistle.

(c) Every bicycle shall be equipped with a good and adequate brake.

ARTICLE VII. PENALTY.

69. Any person, firm or corporation violating any provision of this Ordinance shall be fined not less than five dollars nor more than two hundred dollars for each offense; and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

This Ordinance shall be in force from and after its passage, approval and publication as provided by law.

Passed this third day of April, 1956.

Need for Medical Care Increasing in U. S. Says HIF Statistical Bulletin

NEW YORK, N. Y.—During the past 50 years communicable diseases have been virtually eliminated as causes of death and this has aided in lowering our mortality rate 46 per cent, according to the April issue of Progress in Health Services, a statistical bulletin published monthly by Health Information Foundation.

Future declines in the death rate must depend upon new advances in research and therapy to reduce the present increasing inroads of degenerative diseases such as cancer and heart disease.

The increasing ratio of death from non-communicable diseases today is characteristic of the mortality trends in this century, the bulletin points out. Whereas in 1900 communicable diseases such as tuberculosis were of greater relative importance than degenerative diseases, today the picture has changed.

Some examples cited by Progress in Health Services:

—In 1900 the communicable diseases among the 10 leading causes of death accounted for 36 per cent of our total deaths. Today, however, they account for only 5 per cent of all deaths;

—there has been an overall decline of 92 per cent in the death rate from all communicable diseases since the turn of the century;

—the death rate from tuberculosis declined 94 per cent from 1900 to 1954. In fact, had the 1900 tuberculosis death rate prevailed in 1954, we would have had an additional 283,000 deaths from this cause, or more than the actual number of deaths from cancer, the second leading cause of death today;

—heart disease, the leading cause of death today, resulted in over 550,000 deaths in 1954; the death rate from this cause increased 129 per cent from 1900 to 1954;

—there were nearly 237,000 deaths from cancer in the United States in 1954; this cause was 127 per cent higher

States in 1954. The death rate from in 1954 than in 1900. Cancer accounted for only 4 per cent of the total deaths in 1900 as compared to 16 per cent in 1954;

—vascular lesions, including cerebral hemorrhage, are the third leading cause of death today, and accidents are fourth although they are the first cause of death for the ages 1 through 24 years.

"Now that heart disease, cancer and other degenerative disorders have displaced the communicable causes of death," says Foundation President George Bugbee in an editorial note, "there is good reason to evaluate their effects on modern medical care."

"The hard truth is that although fewer causes of death now account for a larger proportion of total deaths, and although deaths are far fewer per 1,000 population each year than they were 50 years ago, we have by no means decreased the need for medical care. On the contrary, we spend as many days per 1,000 population in general hospitals as we did 25 years ago."

"Diseases which rarely cause death still require much medical care. And now that we are living longer, we become subject to the long-term degenerative illnesses—illnesses which make heavy demands on physician time, require a total of more hospital care and other medical services and entail more expense than did many communicable diseases at their very worst."

"Thus, changing patterns in causes of death," says Bugbee, "bring a greater need for understanding why we should seek medical care at the time it will be of greatest value and the necessity of budgeting to meet the costs of care." These are personal responsibilities, he explains, and within the aims of the Foundation's research and educational programs. "The Foundation's sponsors—200 leaders in the drug pharmaceutical, chemical and allied industries—publish Progress in Health Services with the hope that it will stimulate fullest use by the public of our increased scientific knowledge."

Can She Bake A Cherry Pie?

YES SHE CAN! In fact, 17-year old Annette Hunt, Indianapolis, Ind., was judged the best cherry pie baker in the National Red Cherry Institute's 1956 contest. Named national winner, Annette triumphed over 125,000 girls and boys from 14 to 21, who competed in the contest at state and local levels. Winners from each state, plus Canada and Hawaii met at Chicago for the bakeoff, where the grand ballroom of the Sheraton Hotel was transformed into a giant electric kitchen with installation of 50 ranges. For her pie baking skill, Annette won the General Electric range in which she baked her winning pie, a college scholarship and trip to Washington, D.C.

Champion Cherry Pie Recipe

Filling

4 cups frozen cherries, thawed and well drained,
2 (1 1/4 lb.) packages
3 tablespoons cherry juice
3 drops red food coloring
1/2 teaspoon almond extract
1/2 cup cake flour
1 cup sugar
1/2 teaspoon salt
1 tablespoon melted butter

Place drained cherries into mixing bowl. Combine cherry juice, food coloring, and almond extract. Pour over cherries. Put 1/2 cup cake flour, one cup sugar, and 1/2 teaspoon salt in flour sifter. Sift over cherries. Mix thoroughly. Add one tablespoon melted butter. Pour into 9-inch pastry-lined pie pan. Top with pastry strips arranged lattice fashion. Fold the bottom crust over the ends of strips. Make a fluted edge. Place in pre-heated oven. Bake at 400°F. for 45 minutes.

Crust

2 cups sifted all-purpose flour
1 teaspoon salt
3/4 cup lard (room temperature)
1/2 cup milk
Sift flour and salt into mixing bowl. Cut-in half of the lard with pastry blender until mixture has appearance of fine meal. Add remaining lard and cut-in until mixture has consistency of large peas. Pour half of the milk over mixture and mix by pressing with blender. Add remaining milk and press dough together. Roll bottom crust and place in pie pan. Cut dough into 14 strips, each one-half inch wide, for top crust.

Let's dig deep,
boys...they
plowed down
ARCADIAN
12-12-12!

For deep-rooted corn that laughs at drought, plow down plenty of nitrogen-rich, balanced ARCADIAN 12-12-12 on all your corn land. This concentrated complete fertilizer provides the nitrogen, phosphorus and potash needed to build strong, deep roots and sturdy stalks heavy with big ears that make top yields and profits. Plow down ARCADIAN 12-12-12 and use it in the planter, too. This way your corn gets a quick start and digs fast and deep for water and extra nutrients. Use concentrated, free-flowing ARCADIAN 12-12-12 to make your corn king in yield and profit. Get ARCADIAN 12-12-12 now.

Deep Lake

Mrs. Millie Luehr, Correspondent
Elial 6-4946

Mr. and Mrs. Lloyd Geer and family are newcomers at Deep Lake. They purchased the Kaufman cottage on Third Ave.

Mr. and Mrs. Riess purchased the Kaufmann two cottages on Fourth Ave.

Edna Stevens is back home from her vacation, spent at Hot Springs, Arizona, California and Las Vegas. Happy birthday, April 6 to Doris Metz. She celebrated it on Saturday at the Rustic Manor.

Mr. and Mrs. Ben Feldman are back home from Miami and Miami Beach, Fla. They spent almost two months there. They visited the Swansons on several occasions and had dinner with them. Joe Heckel also was there.

Happy Birthday to Joe Galiske. On hand to make it merry were Dr. and Mrs. J. D. Swan of Chicago. They spent the week end.

Arthur Sletten and Arvid Arvidson left for Hot Springs Wednesday to bring back Mrs. Ann Sletten who spent several weeks there.

Billy Severson celebrated his second birthday April 7. On hand were Mr. and Mrs. Frank Luehr, grandparents, Helen Severson, grandmother, and Robert and Robert and Gordon Severson, uncles and Leonard Mattson.

Mr. and Mrs. John Axen were week end guests of Mrs. Jennie Haake. Mrs. Axen is recovering from a heart condition. A blood clot passed over her heart. She was laid up seven weeks.

Mr. and Mrs. Paul Schultz will celebrate their wedding anniversary April 13.

Mrs. Collette Riegler of Crooked Lake gave a baby shower for Victoria Ann Grenus. She is the new adopted baby girl of Mr. and Mrs. Joe Grenus. Eighteen women were present.

Mrs. Astrid Johnson is getting along fine after a goiter operation. She is at the Victory Memorial hospital.

Mrs. Mary Goost is a guest at the Galeske home. She will spend several days here.

Ralph Sanders is back at work after having a virus ailment.

Modern Laundry Goes Gas

Signs point to a record 3,000,000-unit year for gas water heater shipments, with at least 20 per cent of the total going to rural home modernizers.

Demand for gas-operated clothes dryers, as well as water heaters, by farm homeowners indicates a nationwide switch to the economy fuel which already is used in most agricultural areas for cooking and is earning a big following for both central and room heating.

Manufacturers of gas equipment point out that average rural homes surpass city dwellings in the number of fully automatic appliances in operation. More farm home laundries than ever are equipped with dial-controlled water heaters that enable the housewife to preset the proper water temperatures for washing all types of fabrics and for housecleaning, automatic dishwashing and personal hygiene.

Rural householders also have been among the first to take advantage of new water heaters equipped with plastic dip tubes, instead of the old metal type which sometimes cause corrosion and rust. The dip tube is the pipe that

conducts cold water into the tank for heating.

The growing popularity of the gas clothes dryer as a member of the home laundry "team" is traceable to at least two virtues which have been lauded by many Home Demonstration Agents. One is that, unlike electricity, gas combustion produces a certain amount of moisture. This helps preserve delicate fabrics in the quick-drying gas models.

Another advantage of gas clothes-drying is that it permits thermostat setting of just the right heat for either damp-drying or fluff-drying. The latter, of course, eliminates most ironing.

Jane Tiffany Wagner, home economist for the Gas Appliance Manufacturers Association, reports that the gas dryers are now used successfully as a means of freshening blankets, bedding, drapes and small rugs without laundering or dry-cleaning.

New Fed. Tax Refund Will Benefit Farmers

Illinois farmers will save more than \$5,000,000 each year under new federal gasoline tax refund legislation, according to Otto Steffey, president of the Illinois Agricultural Association.

The gas tax refund for farmers originally was sponsored by the Farm Bureau organization. The IAA is a statewide Farm Bureau group in Illinois.

The refund of two cents federal tax paid on gasoline used on farms will be made on all fuel purchased after December 31, 1955.

"These refunds will be made for annual periods ending June 30," Steffey points out. "Claims are to be filed with the district directors of internal revenue between July 1 and September 30 of each year. The first refund will cover the six month period, January 1 through June 30, 1956," the Farm Bureau leader states.

"The IAA legislative committee, with the help of many farmers, has worked to secure this refund on non-highway gas for more than a year," Steffey says.

"We pointed out to the President and the Congress early in 1955 the unfairness of taxing farmers for gasoline used on the farm," he adds.

Based on 1954 experience under our state gas tax refunds, the refund of two cents federal tax should bring Illinois farmers \$5,473,000 a year, Steffey says.

If, as many people anticipate, the federal tax is increased from two to three cents a gallon to assist in federal highway programs, there will be an additional saving for Illinois farmers of more than \$2.7 million annually.

Steffey adds that under the law, in the case of gasoline used by custom operators, the owner or operator of the farm where the gasoline is used will be entitled to the refund.
